BASIC FUNERAL SERVICE FOLLOWED BY BURIAL *INCLUDING CASKET*

New River Gorge Funeral Service's Basic Funeral Package is a discounted option for those families who prefer a simple chapel or graveside service without formal visitation or a funeral procession to the cemetery. It includes the elements of a traditional service but with significant restrictions. Insurance assignments may only be arranged through a third-party vendor (additional fees imposed by the vendor apply). A fee of 3% will be assessed on any credit card transactions, and all estimated charges are due in full at the time the funeral arrangements are made. Funerals are scheduled at the discretion of the funeral home and no formal visitation periods may be scheduled, although the deceased may be available for viewing by family and friends for a limited period if the family so desires. No formal funeral procession is permitted with this package, and the casket will be placed at the graveside just prior to the funeral if a graveside service is selected. A cloth-covered fiberboard casket is included in this package but for an additional fee merchandise may be upgraded. This package does not include a memorial video.

Payment Policy

Our goal is to provide your family with the finest services and merchandise at a fair and affordable price. We sincerely strive to provide the type of service you desire without creating financial hardship. Our funeral home operates with many costs related to merchandise, insurance, governmental compliance and other overhead costs and must ensure these obligations are met.

Payment in full is expected at the time arrangements are made and must be paid in full before any public announcements of the final services can be made. For us to provide the best possible price and to comply with federal truth in lending laws we are unable to offer payment plans financed by our firm or bill estates.

For your convenience, we offer several options for handling the financial obligations associated with funeral or cremation services:

1. Payment by cash, check, VISA, MasterCard, or Discover (3% fee for some arrangement packages)
2. Verifiable life insurance assignments through ClaimCheck. Only the total amount of the charges will be assigned to our company. Please be aware that ClaimCheck will charge a fee of 3.5% of the total amount that will be passed on to the person or persons responsible for payment of the fees. This fee applies only to some arrangement packages.
3. Funding through the bank, credit union, or other financial institution of your choice.
4. In many cases, we can accept paid prearrangements made through another funeral home. If the contract is not irrevocable, in some cases a refund may be due to the family (to the extent allowed by federal and state law).
5. Private financing through FuneralPayPlan.com or Care Credit. Please understand that funding through this private third-party vendor requires satisfactory credit and the lender will charge interest on the loans.

We understand that families often face financial difficulties at the time of death. Please discuss such concerns openly and honestly with your funeral director. New River Gorge Funeral Service is committed to providing dignified options to all who desire our assistance.
