Directions

Make buffalo sauce: In a small saucepan over medium heat, melt butter. When melted completely, add garlic and cook until fragrant, 1 minute. Add hot sauce and stir to combine. Turn heat to low while you cook the shrimp.

Make shrimp: In a large skillet over medium heat, heat oil. Add shrimp and season with salt and pepper. Cook, flipping halfway, until pink and opaque on both sides, about 2 minutes per side. Turn off heat and add the buffalo sauce, tossing to coat.

Assemble wraps: Add a small scoop of shrimp to the center of a romaine leaf, then top with red onion, celery, and blue cheese.

Don't Sweat Your Energy Bill

Summer's high heat can lead to even higher energy bills. Follow these tips to save energy, and money, during the hot months:

- Raise the thermostat 2-3 degrees during peak hours (2-9 p.m.) and rely on fans to keep your home cool
- Use thermal drapes or blackout curtains to keep heat outside your home
- Run appliances such as dishwashers, washing machines, and clothes driers at night only; use cold water settings when possible
- Unplug electronics when not in use
