

**GH2 India** is a multi-stakeholder, **non-profit foundation dedicated to accelerating India's green hydrogen ambitions**. As a key enabler of the National Green Hydrogen Mission, GH2 India brings together central and regional government bodies, industry leaders, research institutions, civil society and international partners to build an inclusive ecosystem that fosters innovation, investment, and capacity building across the hydrogen value chain.

**Our efforts are focussed on the overall development of the sector in India**, enabling a robust business environment that is inclusive and impactful. **GH2 India members play a vital role in supporting our mission** thereby fostering a thriving green hydrogen economy that not only supports your business objectives but also reduces carbon emissions and combat climate change.

Membership ensures you stay updated on the latest developments and provides direct access to industry leaders, policy-makers, and influential stakeholders in the field. GH2 India members are recognised and provided priority information and access to our activities and global network.

Throughout the year, we organise numerous events and roundtables, partnering with a wide array of initiatives and organisations in India and abroad. GH2 India also spearheads projects addressing critical issues in the hydrogen ecosystem. All members are encouraged to participate actively in these initiatives and engage with associated technical advisory and working groups as applicable.

**Enabling Environment****Capacity Building****Market Creation**

**OUR WORK IS FOCUSED ON  
THREE OBJECTIVES WHICH  
GUIDE OUR ACTIVITIES.**
