

Aurora’s Board of Directors is proud to announce our next Executive Director effective December 1, 2025.

Ryan Scott — Nonprofit Leader Committed to Hope, Housing, and Human Dignity

Ryan Scott is a mission-driven nonprofit leader with more than 15 years of experience in education, nonprofit leadership, and community engagement. He believes humanity calls us to ensure our neighbors are valued, seen, and heard. Meaningful progress begins with that shared responsibility.

He champions collaboration and believes sustainable community impact only happens through trusted, mission-focused partnerships. Defending and advocating for our most vulnerable is not a competitive sport.

Ryan’s work aligns closely with Aurora’s mission to prevent and end homelessness. He focuses on elevating unheard voices and strengthening systems that foster dignity, stability, and hope.

Throughout his career, Ryan has connected people, organizations, and resources to create lasting results. His leadership blends compassion, strategy, and collaboration. He strives to meet people where they are and empower them toward paths of greater opportunity. Through advocacy, coalition-building, and a lifelong dedication to service, he works to build resilient, thriving communities.

The Board of Directors is excited for Aurora’s future as the organization continues to provide housing services for our clients in the region.
