Thank You for Making a Difference!

We're thrilled to share that, thanks to your incredible support during Children's Breakfast Week, we smashed our target and delivered 150 nutritious breakfasts to children in need. These breakfasts went to:

- 🏠 Helping Hand at Renewal Centre
- 🏠 Solihull Food Bank Network
- 🏠 Around Again Charity
- 🏠 Anawim

Your can collections have turned into real change—filling plates and bringing smiles. Together, we're proving that waste can feed hope!

🔥 Hunger Games Success! 🔥

We've been blown away by the incredible response to our Hunger Games challenge! The enthusiasm and dedication from the children at local schools have been truly inspiring. By collecting empty chocolate tubs, they're not only helping families in need but also making the world a greener, better place.

A huge shoutout to the fantastic schools taking part:

- 🏠 St Augustine School
- 🏠 Oak Cottage School
- 🏠 Windy Arbor School

🏠 Heartlands School

🏠 Merstone School

🏠 Forest Oak School

🏠 St Anne's Catholic School

Let's keep it going! Please continue saving your empty chocolate tubs—we're collecting until April. Together, we can turn sweet treats into sweet support!

Making a Greener Impact

This month, we're proud to share that 820 cans have been saved from landfill—giving them a new life and reducing harmful waste. Fun fact: Every can recycled saves enough energy to power a TV for three hours! Imagine what 820 cans can do!

Expanding Our Impact

We're excited to announce that we've now installed recycling bins at:

 St Anne's Catholic School

 Oak Cottage School

These amazing schools are not only committed to supporting We Can CIC, but they're also taking action to help Solihull achieve carbon net zero. We were honoured to be invited to speak at these schools about how turning cans into food supports both the community and the environment.

New Partnerships, Bigger Goals

A warm welcome to Bupa at Solihull and Heartlands Care Home, who have joined our positive movement! Their support is helping us expand our mission across the borough, proving that when communities come together, we can achieve so much more.

Let's Keep the Momentum Going!

Every can counts. Every tub matters. Every action makes a difference. Together, we're building a future where no child goes hungry and our planet stays protected. Let's continue making sustainable change—one can and one tub at a time!

Thank you for believing in the power of community. Let's keep turning waste into hope.

— The We Can CIC Team
