**Parish Records:** Thanks to everyone who participated in the recent parish meeting. A note of what was discussed is on the notice board.

One of the things raised during our discussions was the importance of maintaining a relationship between the parish and parishioners, especially when parishioners are no longer able to attend church regularly. This is exacerbated by the lack of up-to-date records. I would like to ask every parishioner to provide their contact details by filling in an online form, by using your phone or tablet to scan the QR code and following the link. Paper copies of

the form are available for those who prefer. If you know anyone who you think of as a parishioner but is unable to come to church, please ask them to complete a form too, either on paper or online.

As well as asking for contact details, this update to the parish records provides an opportunity to think about your involvement in the parish and how you might like to become more involved. Thank you for your help.

**Your parish needs you!** Every parish relies heavily on the generosity of volunteers, from readers and ministers of communion to cleaners, altar servers and those who count the collections and in so many other ways too. If you can help in any way, please add your name to the sheet in the porch.
