

(INTRO: START HERE!!!)

If you're ready to live a life with more purpose and impact, then pay attention to what our upcoming speaker has to share with you.

- Featured on **FOX, CBS, NBC, ABC & TEDx**, Betsy is a best selling author, & is the owner of Corporate Culture Training Solutions. Her specialty is helping CEO's and managers build a Destination Workplace that attracts & retains talent.
- She's a former manager of 5 star hotels, and has **trained over 15,000 leaders & teams** for companies such as Toshiba, BMW, Six Flags & The U.S. Dept. of Defense.
- Before that, Betsy headlined shows around the world as a professional singer. (I've heard that if you ask her to sing, she'll make you sing along with her, so be careful what you ask for!)
- She's also quite the daredevil. She's been skydiving twice, bungee jumping, walked across hot coat, jumped off the Stratosphere in Las Vegas, and hiked Mt. Marathon in Alaska.
- She won't ask you to jump out of airplanes with her, but she will dare you to live like you were born to make a difference.

Please help me welcome... Leadership Expert and part-time adventure junkie, BETSY ALLEN-MANNING!
