l'azienda

IT - Sono gli uomini a fare le aziende.

Paini ne è un esempio.

Da piccola azienda artigiana fondata nel 1954, in 50 anni è arrivata ad essere una delle società leader nel settore. Alla fine degli anni '60 raggiunse le dimensioni di piccola azienda, nel 1972 avvenne la sua trasformazione in società per azioni e fu necessaria anche la costruzione di uno stabilimento più moderno ed attrezzato.

Il momento di maggiore sviluppo dell'azienda ha coinciso con la nascita del monocomando, negli anni '80. Oggi la Paini è una grande industria che occupa un'area di circa 76.000 mq., di cui 66.000 coperti con una forza lavoro di 390 dipendenti.

La manodopera è attualmente specializzata ed è preparata anche per mezzo di corsi professionali interni; sono previsti stage dedicati a studenti d'istituti tecnico-commerciale. Siamo in grado di proporre un'ampia gamma di rubinetteria: monocomando, arredobagno e cantiere, per ambienti da cucina, bagno e doccia. L'attuale produzione annua è di circa 4 milioni di pezzi. Il ciclo produttivo prevede l'utilizzo esclusivo di materie prime di qualità superiore, rispondenti alle rigorose norme UNI-CEE. Il Centro Ricerche è dotato di laboratori di prova ed analisi per studi ed acquisizione d'esperienze su problematiche meccaniche, chimiche e funzionali.

La produzione è completamente interna ed a ciclo completo, con ampio utilizzo di tecnologie moderne su macchine transfer e multimandrino. I controlli di qualità sono eseguiti in tutte le fasi di produzione e lavorazione, da quelle principali a quelle aggiunte. A questo scopo sono utilizzati anche strumenti automatici, programmati secondo precisi protocolli di valutazione per ogni lavorazione. La pulitura finale dei pezzi può essere robotizzata come manuale, a seconda delle problematiche di produzione e del livello di finitura di ogni singolo pezzo. L'impianto di cromatura è uno dei più grandi del mondo nel settore della rubinetteria. Assicura automaticamente lo standard di spessore delle cromature richiesto dalle normative internazionali. I singoli pezzi viaggiano su telai trasportati per via aerea su birotaia elettromeccanica.

La verniciatura avviene internamente, con procedimenti di copertura sia a polvere epossidica che a liquido. Particolarmente apprezzabile l'impianto a trattamento P.V.D., impianto che permette di ricavare finiture più resistenti a quelle tradizionali. I ns. prodotti rispondono agli standard internazionali di molti enti d'Unificazione ed è una delle poche aziende italiane del settore a disporre per i propri prodotti dei marchi d'omologazione IAPMO validi per gli U.S.A.

the company

EN - Men build societies.

Paini case is an example of that. Starting from a little craft made factory founded in 1954, in 50 years it has become one of the leader companies in its range. At the end of the Sixties it reached the size of a little company, in 1972 it became a joint-stock company and it was also necessary to build a more modern and equipped plant next to the one already existing. The period of wider development for the company has certainly clashed with the birth of the mixer, in the Eighties. Today Paini is a big company covering an area of about 76,000 square metres, out of which 66,000 covered, with 390 employees working in it.

The staff are highly specialised and educated also through in house refresher courses. We also offer stages to students from technical and commercial institutes. Paini offers a wide range of taps - mixers, bathroom accessories and ship-building industry, kitchen, bath and shower associated products. We proudly produce 4 million pieces per annum. The production cycle provides the usage of high quality raw materials only, in conformity with the strict UNI-CEE standards. Our Research Centre Team provides test laboratories and analysis aiming at studying and gaining experience on mechanical, chemical and functional problems. The production is completely carried out in

house utilising a wide range of modern technological production disciplines on transfer and multi-spindled machines. Quality tests are carried out during all production and handling steps, from the main to the secondary ones. To this aim computerised equipment programmed according to specific evalution protcols for each handling are used. Final polishing of the pieces can be both robotized and manual, according to the production problems and the finish level every single piece should provide. The chromium plating plant system is one of the largest in the industry and automatically assures the chromium thickness standard in conformity with international norms.

Pieces are carried on air frames sliding on an electromechanical birail. On site we also provide colouring plants using epoxidic powder and liquid. PDV facility proves great success, enabling to get finishes of higher resistance than the traditional ones. Our products meet the international standards of several Union agencies and is one of the few Italian companies in the industry to provide IAPMO certificates, which are valid for the U.S.A. market.

norme internazionali

international standards

IT - I prodotti Paini sono realizzati nel rispetto delle rigorose norme internazionali che prevedono l'utilizzo di materie prime di qualità superiore, il controllo sul processo produttivo e l'analisi sul funzionamento di ogni singolo prodotto, garantendo così qualità e sicurezza.

EN - Paini products are realised following the strict international rules which require the use of high quality raw materials, production process control and single product working analysis, thus granting quality and safety.

energy saving

G35 Energy Saving

Green Thinking

La cartuccia **ENERGY SAVING** è intercambiabile con la cartuccia standard da 35 mm.

ENERGY SAVING è una tecnologia che permette di fornire solo acqua fredda con la leva posizionata nel mezzo:
- risparmiando acqua calda
- risparmiando soldi
- rispettando l'ambiente.

ENERGY SAVING cartridge is interchangeable with the standard 35 mm seat.

ENERGY SAVING is a technology that allows to supply only cold water with the lever in middle position:
- hot water saving
- money saving
- environmental respect.

MR

miura

BioWater
system

ENERGY
saving

Il nuovo sistema adottato per la serie Miura, fa sì che il flusso dell'acqua non venga mai a contatto con alcun tipo di metallo evitandone così la cessione. Questa nuova concezione di erogazione tutela la salute dell'utilizzatore finale.

Miura taps are conceived with a BioWater System which prevents water flow coming into contact with any metal parts, so avoiding contaminations. This new water system protects the consumer's health.

ÓPaini

SAFETY TOUCH

SAFETY TOUCH

Il nuovo termostatico Paini è dotato di una particolare tecnologia antiscaldante che evita il surriscaldamento della superficie esterna e quindi spiacevoli scottature. All'interno del termostatico l'acqua calda compie un percorso limitato, mentre quella fredda è libera di scorrere in uno spazio più ampio, limitando così il calore sprigionato da quella calda e mantenendo una bassa temperatura all'interno del rubinetto. In questo modo in caso di contatto fisico con il corpo del miscelatore non si avverrà più alcuna fastidiosa sensazione di scottatura.

The new Paini thermostatic is endowed with a heat-proof technology which prevents the outer surface from overheating and avoids unpleasant scorches. Inside the thermostatic warm water performs a limited course while cold water is allowed to flow through a wider space, so reducing the heat emitted by the warm one and keeping a low temperature inside the mixer. That's why in case of physical contact with the mixer body you won't have any unpleasant scorch sensation.

condizioni generali di vendita

PREZZI

I prezzi dei ns. listini sono soggetti a variazioni e non sono impegnativi, senza la ns. conferma. Essi s'intendono per merce resa franco nostro stabilimento, imballo escluso.

ORDINI

Gli ordini ricevuti tramite la corrispondenza, fax o rappresentanti si considerano impegnativi solo dopo la nostra conferma debitamente sottoscritta. Con il conferimento dell'ordine il cliente accetta automaticamente tutte le condizioni di vendita di seguito indicate.

CONSEGNA

I termini di consegna sono approssimativi e non vincolanti e non danno diritto al committente di annullare l'ordine o di reclamare danni di qualsivoglia natura, per ritardi derivanti da accidenti di fabbricazione, mancanza di materie prime, scioperi, interruzioni, ritardi nei trasporti o altre cause di forza maggiore. La merce viaggia a rischio e pericolo del committente, anche quando non è venduta franco destino; la spedizione sarà effettuata nel modo più opportuno senza che ciò possa dar luogo a reclami di sorta. Non saranno accettati reclami per ritardi, guasti, ammacchi che possano verificarsi in viaggio per qualsiasi causa e spetta comunque al committente fare gli eventuali reclami nei confronti dei vettori responsabili.

RECLAMI

La merce deve essere verificata alla consegna; eventuali reclami saranno tenuti in considerazione se fatti tramite lettera raccomandata entro otto giorni dalla consegna. Se per qualsiasi motivo dovesse sorgere una qualsivoglia controversia in dipendenza delle

ordinazioni assunte o forniture da noi eseguite è espressamente convenuto che si dovrà adire esclusivamente alla competenza del Tribunale di Novara.

PAGAMENTI

I pagamenti delle fatture sono validi e liberatori se eseguiti direttamente al nostro domicilio per contanti netto, salvo accordi diversi. Ogni altro tipo di pagamento è effettuato a rischio e pericolo del cliente. In caso di ritardo di pagamento, sulle cifre ancora scoperte decorranno gli interessi di mora e sarà nostra facoltà emettere tratta a saldo di quanto dovuto, senza che il cliente possa sollevare obiezioni di sorta. Qualora i pagamenti non siano effettuati anche solo in parte, la merce rimane di nostra proprietà sino al saldo totale della fattura; in tal caso è nostra facoltà sospendere le consegne in corso e annullare i restanti ordini.

GARANZIA

Tutti i nostri articoli sono accuratamente provati, controllati e garantiti per cinque anni dalla data della fatturazione. La nostra responsabilità si limita nell'accettare il ritorno della merce, franco di porto e sostituirne i pezzi eventualmente riscontrati difettosi, senza perciò essere tenuti ad alcun indennizzo per danni causati da difetti di fabbricazione. Non possiamo inoltre accettare alcuna responsabilità per difetti che risultassero da eventuali manomissioni dei materiali da noi forniti. Inoltre la nostra responsabilità cessa qualora il cliente non abbia osservato le condizioni di pagamento indicate sulla nostra fattura.

IL PRESENTE LISTINO ANNULLA E SOSTITUISCE I PRECEDENTI

general sales conditions

PRICES

Our quotations are subject to alteration and are not binding without our confirmation. These are for goods delivered Ex-Works Pogno, package not included.

ORDERS

The orders received by letter, fax or by means of agents are valid after our signed confirmation. Concerning orders, the customer fully and tacitly accepts all our sales terms.

DELIVERY

Delivery terms are approximate and not binding and don't forgive the right to the purchaser to cancel the order or claim for damages occurred during manufacturing, storage of raw materials, strikes, stoppages, delay in transport or other circumstances beyond our control. Goods are carried at customer's risk even if are delivered free of carriage. We are not responsible for any delay, breakage or deficit it may occur.

CLAIMS

Goods have to be tested from the buyer after delivery and claims will be accepted if presented by registered letter not later than 8 days from the delivery of the goods. For any controversy that may arise, the 2 Partners are compelled to apply to the Court of Law of Novara.

PAYMENTS

The payment shall be effected at our domicile, by cash, unless a special agreement of deferred payment. The seller may postpone the fulfilment of his own obligation until such payment is made. The goods remain of our property until the total payment of our invoices, being understood the obligation to send totally back the same even if invoice has been partially paid.

GUARANTEE

All our articles are always carefully tested and they have a 5 years guarantee. Returns of goods are acceptable but the cost of transport to be buyer's account. Damaged items are replaced only after a verify that no tampering have been made. Our responsibility ends when the customer does not observe the terms of payment indicated on invoice.
