Medicare is a forever changing entity. With all of the rules, regulations, and coverage options, it's hard to keep up. There are many common misconceptions about choosing a Medicare plan that ends up costing seniors on average \$600 per year. Keith Nabb, CEO and Owner of Affordable Medicare Solutions, grew up in our church and has been in the industry for over 20 years leads this group.

This program will cover the basic parts of Medicare, the difference between Advantage and Supplement Plans, and how to save money on your prescription drug costs. In this session, you will gain the confidence to choose the right plan for yourself, as well as learn about the upcoming changes to Medicare in 2026. Their Medicare assistance is provided at NO COST. Affordable Medicare Solutions provides the senior community with over 100 hours of community service annually, and is heavily demanded for their educational seminars.
