President's Message **Sandy Dubrowskij**

Greetings Greater Long Beach Republican Women,

Thank you for the great turnout for Sheriff Chad Bianco. You really showed up! Can we do it again for Sheriff Villanueva? Both men could have a very positive effect when elected to the governorship and LA County sheriff positions, respectively. I know it is a big ask, but we need to continue to show up for the upcoming mid-term election. There are people we know, like Maureen Flaherty and Laura Doud, who could benefit from having volunteers canvass for them by talking to neighbors and friends who live in the Long Beach area.

If we don't take advantage of the momentum that we have now following the fantastic State of the Union speech by President Trump, we may lose our country. Do you think I'm being overly dramatic? I encourage you to educate yourselves on the "Build Long Beach" initiative. If we don't get angry or have some kind of emotional response, then we are not paying attention.

Speaking of our President's State of the Union speech, our country is so fortunate to have a man sitting in the White House who truly cares about America and the American people. He also wants to see other countries succeed but America will always be put first on his list. I was so touched by the many guests President Trump invited to be in the gallery. Each one had a story of true courage, sacrifice and victory over awful circumstances. I can't pick a favorite because there were so many. Are you able to pick just one story that was shared? Each one is a hero in my mind. Remember one person can make a huge difference in every situation. We all have opportunities to make an impact on the lives of the people we come in contact with.

Every time I hear Sheriff Bianco speak, I am more convinced he will win and he will make a difference for our state. If you still have doubts or questions or if other people are not sure about what he stands for, look at his website: [Chad Bianco for California Governor](#).

As I write my president's message, it is another beautiful day in sunny southern California. May you be filled with patriotism for our nation and continue to keep our great President in your thoughts for protection and guidance as he leads the USA into the Golden Age.

INVOCATION—Gay Whitten

“Let us bow our heads and thank God for sending us President Trump. He has been the savior for our country and for many other parts of the world. World Peace is his message, and we pray that he continues to have the strength to achieve his goals. We particularly pray for protectors like the members of ICE who have been undergoing hostilities while trying to bring safety to our communities. We need God’s help particularly here in California with fires and floods and also, extreme abuse of power. Please help us to gain control of our state and make it great again – particularly with schools. Our education system used to be the best in the country and now it is a total failure. Our children are our future, and we need to make sure they are prepared to lead us in a positive light. Most of all, we pray for a governor who is capable to save us. We pray sincerely for Chad Bianco to be our next Governor and save our beautiful state of California. Amen.”
