

HAP Diabetes Care

HAP's personalized diabetes management approach offering a variety of ways to help you stay healthy by supporting your self-care plan for type 1 or type 2 diabetes.

HAP Diabetes Care offers clinically based support for you as a member. You'll work closely with your own healthcare providers and clinical team to create a customized self-care plan that suits your needs for managing your diabetes. HAP is part of that coordination team.

HAP Diabetes Care supports our members with:

Finding a primary care physician

A diabetes self-care plan to discuss with your doctor

Diabetes educational resources and services

Diabetes management technology and low-cost diabetes supplies
