Medicare supplement made easy

Becoming eligible for Medicare means you have new options for health care.

Medicare supplement, also called Medigap, is a health care policy that works with Original Medicare. These plans are purchased through a private insurance company and cover all or a portion of Medicare out-of-pocket costs.

To purchase a Medicare supplement plan, you need to have Part A (hospital) and Part B (medical) coverage through Original Medicare.

Supplement plans can be sold in 10 standard plans and two high-deductible plans. The Medicare supplement standard plans are A, B, C, D, F, G, K, L, M and N.*

Private insurers may offer a variation of these plans, but every supplement insurer must make Plan A available, which includes:

- **Hospitalization:** Medicare Part A coinsurance plus coverage for 365 additional days after Medicare benefits end
- **Medical expenses:** Medicare Part B coinsurance (generally 20% of Medicare-approved expenses) or copayments for hospital outpatient services
- **Blood:** First three pints of blood per calendar year

Blue Cross Medicare Supplement offers plans A, C, D, F, G and N plus High-Deductible F and High-Deductible G.

Other Michigan insurance carriers may offer other plans in addition to Plan A.

**Plans E, H, I and J are no longer available for sale and Plans B, K, L and M aren't offered by Blue Cross.*

		\$8,000 in 2026	\$4,000 in 2026		

¹Our two high-deductible plans, HD-F and HD-G, each have an annual deductible of \$2,950. These plans require you to pay for Medicare-covered costs up to the deductible amount of \$2,950 for 2026. Once you satisfy the annual deductible, the plans pay the same benefits as the standard Plans F and G for the rest of the calendar year.

²For plans K and L, after you meet your out-of-pocket yearly limit and your yearly Part B deductible (\$283 for 2026), the Medicare supplement plan pays 100% of included services for the rest of the calendar year.

³Plan N pays 100% of the Part B coinsurance, except for a copay of up to \$20 for some office visits and up to a \$50 copay for emergency room visits that don't result in an inpatient admission.

Blue Cross Medicare Supplement eligibility

Establish your eligibility

There are many factors to consider as you choose a Medicare supplement plan. Use these requirements when making your choice.

- **If you turned 65 years old, or became Medicare-eligible on or after January 1, 2020**, you can't enroll in a plan that covers the Part B deductible (plans C, F and High-Deductible F).
- **If you're younger than 65**, you're eligible to enroll in plans A and D only.
- If you had a Medicare supplement plan, then enrolled in a Medicare Advantage plan, and now would like to return to your prior Medicare supplement plan, you must do so within 12 months of enrolling in your Medicare Advantage plan.
- You must be enrolled in Medicare Parts A and B.
- You can't have more than one Medicare supplement plan.
- You can't be enrolled in a Medicare supplement plan and a Medicare Advantage plan at the same time.
- At the time of enrollment, you must be a permanent resident of Michigan and physically live in Michigan for at least six months of the year.

More to know: Once enrolled, if you permanently move outside Michigan or live in Michigan for fewer than six months of every year, your premium may change.

Coverage will only continue if all other eligibility requirements continue to be satisfied.

All premiums are subject to change annually.

Premiums and enrollment

Figuring your monthly premium

The monthly premium for a Blue Cross Medicare Supplement plan is based on where you live, your age and gender.

Unless we change the premium for all policies like yours, the only premium adjustments you'll experience would be for your age or if you relocate — such as moving out of Michigan or living in the state less than six months.

If you apply for a Blue Cross Medicare Supplement plan during your Medigap Open Enrollment Period or have a situation that qualifies as a guaranteed issue right, medical underwriting won't be necessary. That means the use of nicotine in any form*, your health status (including body mass index value), claims experience, receipt of health care or your medical condition won't be used to determine your premium amount.

Deductibles, coinsurance and copay amounts of all Medicare supplement plans are set each year by the Centers for Medicare & Medicaid Services and are subject to change each plan year.

** Nicotine products include but are not limited to, cigarettes, e-cigarettes, vaping, and nicotine patches or gum.*

Choose a plan option that meets your needs.

The charts on Pages 6 through 9 outline a sample of the coverage options offered by Blue Cross Medicare Supplement plans A, C, D, F, G, N, High-Deductible F and High-Deductible G.

Once enrolled in Blue Cross Medicare Supplement, we'll send you a member ID card and a welcome guide with comprehensive details about your coverage. We'll also provide a *Certificate of Coverage*, your legal contract with Blue Cross, in your online member account. The certificate details all of the rights and duties of both you and Blue Cross.

For more information about Blue Cross Medicare Supplement coverage, contact an authorized Blue Cross Medicare agent or call **1-833-844-3871**, from 8 a.m. to 9 p.m. Eastern time, Monday through Friday, with weekend hours Oct. 1 through March 31. TTY users, call **711**.

For information about your Medicare Part A and Part B coverage, contact your local Social Security office or consult *Medicare & You* (online at [medicare.gov](https://www.medicare.gov)). Medicare benefits are subject to change. Please consult the latest *Choosing a Medigap Policy: Guide to Health Insurance for People with Medicare*, which can be found online at [medicare.gov](https://www.medicare.gov).

All premiums in this booklet are subject to change annually.

Do you qualify for a guaranteed issue right?

Insurance companies are required by law to offer a Medicare supplement policy without conditions or constraints on coverage to individuals who meet certain requirements.

The **Medigap Open Enrollment Period**, known as OEP, lasts six months beginning on the first day of the month in which you're 65 or older and enrolled in Medicare Part B (for example, you elect Part B upon retirement at age 70). During the Medigap Open Enrollment Period, you already have a guaranteed issue right and don't need any of the following to apply to you.

If you enroll outside of your Medigap Open Enrollment Period, any of the following scenarios qualify you for a guaranteed issue right:

1. You were enrolled in an employer group health care plan (including retiree or COBRA coverage) that pays after Medicare pays and that plan has ended within the past 63 days.
2. You were enrolled in a Medicare Advantage plan, Program of All-Inclusive Care for the Elderly, Health Care Pre-Payment Plan, other Medicare demonstration project or Medicare Select plan and within the past 63 days:
 - The certification of the organization or plan was terminated.
 - The plan terminated or discontinued providing coverage in the area in which you reside.
 - You moved out of the plan's service area and are no longer eligible to participate in the plan.
 - You voluntarily disenrolled because the plan substantially violated a material provision of the organization's contract with you. This includes:
 - Failing to provide an enrollee, on a timely basis, medically necessary care for which benefits are available under the plan
 - Failing to provide covered care in accordance with applicable standards
 - The organization, agent or other entity acting on the organization's behalf, materially misrepresented the plan's provisions in marketing the plan to you

3. You voluntarily disenrolled from a Medicare Advantage plan within 12 months after the effective date of enrollment, upon first becoming eligible for benefits under Medicare Part A at age 65.
4. You were enrolled in a supplement policy within the past 63 days and one of the following:
 - You involuntarily lost coverage due to insolvency of the insurer or bankruptcy of the organization offering the coverage.
 - You voluntarily disenrolled because the plan violated a material provision of the policy or the insurer materially misrepresented the policy's provisions in marketing the policy to you.
5. You terminated enrollment and subsequently enrolled, for the first time, in a Medicare Advantage plan, Medicare Select Plan, Medicare Cost Plan or Program of All-Inclusive Care for the Elderly, and the subsequent enrollment was terminated by you within the first 12 months.

Enrolling is easy

You can apply for coverage for a Blue Cross Medicare Supplement plan online at bcbsm.com/medicare-supplement, by contacting a licensed Blue Cross Blue Shield of Michigan agent or by calling **1-833-844-3871**. TTY users, call **711**.

You can also complete a paper application and mail or fax it to:

Mail:

Blue Cross Blue Shield of Michigan
P.O. Box 44407
Detroit, MI 48244-0407

Fax: 1-866-392-7528

Use one application for each person. Answer medical and health history questions truthfully and completely when you apply outside of your Medigap Open Enrollment Period or you don't have a guaranteed issue right.

Blue Cross may increase your rates, cancel your policy or refuse to pay any claims if you report any false or incomplete medical information, permanent residence, date of birth, health status or nicotine product use*.

If you're switching to a supplement plan from your current coverage, we'll help you enroll and ensure that you have no lapse in coverage.

If you're covered under a health policy from any other insurer, don't cancel that coverage until you receive your welcome guide from Blue Cross Medicare Supplement and are sure you want to keep your plan.

If you have questions, please call the number included in your welcome guide or on the back of your Blue Cross member ID card or contact your agent. TTY users, call **711**.

Whether you're applying for coverage online or through an authorized insurance agent, it's important to know that neither Blue Cross nor its authorized agents are connected with Medicare.

Do you also need prescription drug coverage?

You may purchase Medicare Part D drug coverage with a Blue Cross Blue Shield of Michigan Prescription BlueSM PDP plan. Call **1-833-844-3871**. (TTY users, call **711**).

* Nicotine products include but are not limited to, cigarettes, e-cigarettes, vaping, and nicotine patches or gum.

Your payment options

You may make payments through authorized automatic deductions from your bank account or by personal check, money order, cashier's check or credit card. Premium payments are due the 25th of each month.

Set up your member account at bcbsm.com/myaccount or get the app on your mobile device. Once enrolled, you can view your monthly statement and sign up for paperless billing.

Disenrollment may occur if premium payments aren't received by the due date. In such cases, there will be a six-month waiting period before you're eligible to reapply.

The Blue Cross Medicare Supplement plan may not fully cover all of your medical costs. When you receive covered services from a provider who doesn't accept Medicare, you're responsible for the difference between the provider's charge and the Medicare-approved amount, plus any deductible or coinsurance amounts required by the Blue Cross Medicare Supplement plan you select.

Changing your coverage

You may switch to a different Blue Cross Medicare Supplement policy at any time, **but you may be subject to medical underwriting**. If you're switching to a Medicare Advantage plan, you can enroll only during certain times of the year.

Important: If you're currently enrolled in a Medicare Advantage plan and wish to enroll in Medicare supplement, you must separately disenroll in writing from Medicare Advantage. Call your Medicare Advantage Customer Service department (using the number on the back of your ID card or contact your agent) for information on how to disenroll from that plan to prevent duplication of coverage or a lapse in coverage. Medicare Advantage plans only allow disenrollment at certain times of the year.

If you're covered under a health policy from any other insurer, don't cancel that coverage until you receive your welcome guide from Blue Cross Medicare Supplement and are sure you want to keep your plan.

You may cancel this coverage if it's not right for you

If you find that you aren't satisfied with Blue Cross Medicare Supplement coverage, notify us by phone, fax or write to us at the address below within the first 30 days of your coverage. You'll be responsible for any deductibles or coinsurance for Medicare Part A and Part B claims, or any services not paid for by Original Medicare incurred during that 30-day period.

To cancel your coverage, do one of the following:

Call the Customer Service number on the back of your Blue Cross member ID card. TTY users, call **711**.

Write to:

Blue Cross Blue Shield of Michigan
P.O. Box 44407
Detroit, MI 48244-0407

Fax: 1-866-392-7528

If you choose to cancel your Blue Cross Medicare Supplement coverage after the first 30 days, the signature of the policy holder or legal representative is required.

Terms defined

Coinsurance – A fixed percentage of the costs you may pay for health care services.

Copay – A fixed amount you may be required to pay as your share of the cost for a medical service or supply, such as a doctor's visit or hospital outpatient visit.

Deductible – This is a fixed dollar amount you may pay for health care services before we begin to pay.

MACRA – The Medicare Access and CHIP Reauthorization Act of 2015 affects Medicare supplement plans nationwide that cover the Medicare Part B deductible. Medicare supplement plans that cover the Part B deductible (Plans C, F and High-Deductible F) are no longer available for individuals who turned 65 or became eligible for Medicare on or after Jan. 1, 2020. Blue Cross offers Plan G, which is very comparable in benefits and available at a less expensive price than Plan F. If you turned 65 or became eligible for Medicare before Jan. 1, 2020, you may be eligible for Plans C, F and High-Deductible F, depending upon your enrollment criteria.

Medical underwriting – A process that an insurance company uses to decide, based on your medical history, how much to charge you for your plan.

Medicare supplement or Medigap – Medicare supplement plans help bridge the gap between what Original Medicare covers and the total cost of medical services. They cover all or a portion of Medicare deductibles and coinsurances and are accepted nationwide.

Medigap Open Enrollment Period (OEP) – A period of six months that begins on the first day of the month in which you're both 65 or older and enrolled in Medicare Part B, when you can enroll for a Medicare supplement plan without being denied or charged more due to past or present health conditions.

Out-of-pocket costs – This is the portion of the cost that you pay for health care services or supplies — including your plan copay, coinsurance and deductibles, which can change every year.

Premium – Your monthly payment for health, prescription drug or add-on Dental Vision Hearing Package coverage.

This document is the Blue Cross Medicare Supplement Outline of Coverage, and the details and exceptions of Blue Cross Medicare Supplement follow. The deductible, coinsurance and copay amounts listed in this brochure are based on the 2026 CMS-approved values and could change for 2027. Like Medicare, Blue Cross Medicare Supplement coverage is accepted nationwide, and the plan is easy to use. There are no provider networks or referrals — just use any health care provider who accepts Medicare. Simply present your Blue Cross Medicare Supplement member ID card along with your red, white and blue Medicare health insurance card whenever you receive health care services. We'll coordinate payment with Medicare and your health care providers. In most cases, you'll never have to bother with claim filing or paperwork.
