HAP Medicare Diabetes and Heart (HMO C-SNP)

For agent use only

Support for members managing chronic conditions

Members get the care they need with our HMO C-SNP Medicare Advantage plan. Designed for individuals living with diabetes, chronic heart failure or cardiovascular disorders, this plan offers tailored benefits, access to essential medications and extra support to manage their health more effectively.

Who qualifies?

Members must have one or more of the following chronic conditions:

- **Diabetes mellitus**
- **Chronic heart failure**
- **Cardiovascular disorders, including:**
  - Cardiac arrhythmias
  - Peripheral vascular disease (PAD)
  - Coronary artery disease (CAD)
  - Chronic venous thromboembolic disorder (VTE)

Connect qualified members with the care they need
