Giving more value to veterans with Medicare Advantage plans as low as $0*

As a veteran, you deserve reliable health care coverage...but funding for VA Health Care benefits can be unpredictable. To ensure you get the level of care you need, the best strategy could be combining the VA benefits you've earned with the added advantages of Medicare.

Here, with an HMO medical-only plan as low as $0/month*

Plus, **$1,260/year savings** toward your Part B premium, which means your Part B premium deduction from your Social Security check will be reduced by $105 each month.

Our Medicare Advantage plans can also help you:

Gain peace of mind

Medicare gives you the coverage you need, regardless of what happens with VA benefits

Avoid penalties

Signing up for Original Medicare (Parts A and B) as soon as you're eligible will help you avoid paying penalties if you decide to enroll later

Enjoy more flexible coverage

A Medicare Advantage plan can provide broader coverage that includes non-VA, Medicare-approved doctors and hospitals

Did you know?

The VA encourages veterans to enroll in both Medicare Part A and Part B.
