Get started

What to consider before
choosing your plan

We're here to help you choose

Find the right plan for you

Get started

- ✓ Make a list of your preferred providers.
- ✓ Note your current and upcoming needs, like appointments, procedures, testing and medical equipment.
- ✓ Consider any other benefits you use.

- **Check out the plan's network.**

- See if your providers are in the network. In general, you'll pay less when you visit these providers.
- Confirm if you can go out of network or if the plan has a travel benefit.
- Check to see if your plan requires referrals for specialists.
- Find out if your plan has a deductible. This is the amount you may have to pay out of pocket for covered services or prescription drugs before your plan starts to pay. It resets at the beginning of each plan year.

- **Out-of-pocket costs.** Review the premium, deductibles, copays and coinsurance for the services and medicine you use.

- **Maximum out-of-pocket limit.** This is the most you'll pay out of pocket for covered services during the current plan year.

- **See the costs for benefits you use regularly.** Some examples include:

- Primary care visits
- Specialist visits
- Routine testing/imaging
- Dental, vision and hearing coverage
- Diabetic supplies
- Medical equipment

- **Get the coverage you need.** The right plan will take care of your health needs and your budget. Keep in mind:

- Some plans have higher copays but with lower premiums, which may be a good option.
- If you need more care, a plan with a higher premium, lower cost-sharing and lower maximum out-of-pocket costs may be right for you.

Medicare 101

Understand how
your plan works

You're eligible for Medicare if you:

☒ Are age 65 or older

☒ Are under 65 and have certain disabilities

☒ Have a disability, end-stage renal disease (ESRD) or ALS (also called Lou Gehrig's disease)

Compare the differences

	 Original Medicare	 Medicare Advantage (Part C) plan
 Available providers and hospitals	You can go to any provider or hospital that accepts Medicare.	You may have to use a network of providers and hospitals.
 Prescription drug coverage	You have to buy a separate Part D plan if you want or need prescription drug coverage.	You may not have to buy a separate Part D plan because it may include prescription drug coverage.
 Total out-of-pocket costs	You may not have a limit on how much you pay out of pocket each year.	You can help lower your expenses — it caps your annual out-of-pocket costs for covered medical services.

Keep in mind

- You don't have to sign up for Original Medicare if you already get Social Security benefits or railroad retirement checks when you first become eligible for Medicare.
- You can sign up even if you don't plan to retire at 65. Contact Social Security about three months before you turn 65 to sign up for Medicare.
- You can ask your employer for guidance. If you have medical coverage through your employer, ask them if you should sign up for Part B when you're first eligible for Medicare.

Get to know the parts of Medicare

Parts A and B make up Original Medicare, which the federal government provides.

Part A

Hospital insurance:

- Covers inpatient hospital and rehabilitation facility care, including X-rays, surgeries and radiation treatment
- Also covers skilled nursing facility, hospice and home health care

Most people won't pay a premium for Part A.

Part B

Medical insurance:

- Covers outpatient hospital and home health care
- Also covers ambulance, provider and preventive services

You may pay a monthly premium for Part B. The premium is usually taken out of your Social Security check.

Parts C and D are offered by private insurers, not the federal government.

Part C

Medicare Advantage plan — an alternative to Original Medicare:

- Covers all of your Part A and B benefits
- May cover your prescription drugs, too (also known as Part D)
- Can include other benefits, like eyewear, hearing aids, wellness services and online tools and resources
- May require you to see in-network providers or specialists

You may pay a monthly premium for Part C. You must keep paying your Part B premium, too.

Part D

Medicare prescription drug plan:

- Covers your prescription drugs
- Is often included in a Medicare Advantage plan
- Can buy separately to go with Original Medicare

You may pay a monthly premium for Part D unless you qualify for Extra Help.

When can I enroll in a Medicare Part C or D plan?

To ensure you'll always have coverage, it's important to know your enrollment period.

Initial Enrollment Period

This includes the three months before, the month of and the three months after your 65th birthday.

Annual Enrollment Period

You can enroll in or change your Medicare plan from **October 15** through **December 7** each year.

Open Enrollment Period

If you're enrolled in a Medicare Advantage (Part C) plan, you may be able to change your plan from **January 1 to March 31. This is called the Open Enrollment Period.** You can change your plan only once during this time period.

Special Enrollment Period*

You may be able to enroll in or change Medicare plans if you:

- Lose employer coverage
- Qualify for or lose full Medicaid eligibility
- Move to a new service area
- Live in, or move in or out of an institution

If you have full Medicaid coverage, you may use a monthly Special Enrollment Period to switch to another Fully Integrated Dual Eligible Special Needs Plan or Highly Integrated Dual Special Needs Plan.

*Some life changes can qualify you for the Special Enrollment Period. Call us or check your enrollment form for more information.

What you should know

- **Plan type:** Aetna Medicare Eagle (PPO) is a PPO plan. This is a Medicare Advantage plan that does not cover prescription drugs. You can use in-network and out-of-network providers. You will typically pay more for out-of-network care.
- **Primary Care Provider (PCP):** You have the option to choose a PCP. We recommend choosing a PCP because when we know who your provider is we can better support your care.
- **Referrals:** Aetna Medicare Eagle (PPO) doesn't require a referral from a PCP to see a specialist. Keep in mind, some providers may require a recommendation or treatment plan from your provider in order to see you.
- **Prior authorizations:** Your provider will work with us to get approval before you receive certain services.
- **Helpful resources:** To find provider directories and other plan information, visit AetnaMedicare.com/H5521-286. Pre-enrollment checklist

Before making an enrollment decision, it is important that you fully understand our benefits and rules. If you have any questions, you can call and speak to a customer service representative at **1-833-859-6031 (TTY: 711)**. From October 1 to March 31, we're here 8 AM to 8 PM, 7 days a week. From April 1 to September 30, we're here 8 AM to 8 PM, Monday through Friday.

Understanding the benefits

- ☐ The Evidence of Coverage (EOC) provides a complete list of all coverage and services. It is important to review plan coverage, costs and benefits before you enroll. Visit **AetnaMedicare.com** or call **1-833-859-6031 (TTY: 711)** to view a copy of the EOC.
- ☐ Review the provider directory (or ask your doctor) to make sure the doctors you see now are in the network. If they are not listed, it means you will likely have to select a new doctor.
- ☐ **If you're enrolling in a plan with prescription drug coverage:** Review the pharmacy directory to make sure the pharmacy you use for any prescription medicine is in the network. If the pharmacy is not listed, you will likely have to select a new pharmacy for your prescriptions.
- ☐ **If you're enrolling in a plan with prescription drug coverage:** Review the formulary to make sure your drugs are covered.

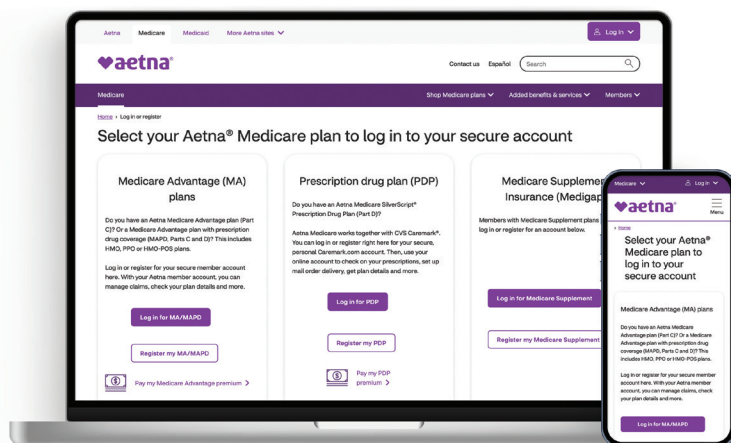

Understanding important rules

- ☐ **Effect on current coverage:** If you are currently enrolled in a Medicare Advantage plan, your current Medicare Advantage health care coverage will end once your new Medicare Advantage coverage starts. If you have Tricare, your coverage may be affected once your new Medicare Advantage coverage starts. Please contact Tricare for more information. If you have a Medigap plan, once your Medicare Advantage coverage starts, you may want to drop your Medigap policy because you will be paying for coverage you cannot use.
- ☐ **If you're enrolling in a plan with a monthly premium:** In addition to your monthly plan premium, you must continue to pay your Medicare Part B premium. This premium is normally taken out of your Social Security check each month. The Part B premium is covered for full-dual members.
- ☐ Benefits, premiums and/or copayments/coinsurance may change on January 1, 2027.
- ☐ **If you're enrolling in an HMO plan:** Except in emergency or urgent situations, we do not cover services by out-of-network providers (doctors who are not listed in the provider directory).
- ☐ **If you're enrolling in a PPO plan or other plan that offers out-of-network coverage:** Our plan allows you to see providers outside of our network (non-contracted providers). However, while we will pay for covered services, the provider must agree to treat you. Except in an emergency or urgent situation, non-contracted providers may deny care. In addition, you will pay a higher copay for services received by non-contracted providers.
- ☐ **If you're enrolling in a C-SNP plan:** This plan is a Chronic Condition Special Needs Plan (C-SNP). Your ability to enroll will be based on verification that you have a qualifying specific severe or disabling chronic condition.
- ☐ **If you're enrolling in a D-SNP plan:** This plan is a Dual Eligible Special Needs Plan (D-SNP). Your ability to enroll will be based on verification that you are entitled to both Medicare and medical assistance from a state plan under Medicaid.
- ☐ **If you're enrolling in an I-SNP plan:** This plan is an Institutional Special Needs Plan (I-SNP). Your ability to enroll will be based on verification that you, for 90 days or longer, have had or are expected to need the level of services provided in a skilled nursing facility, a nursing facility, an intermediate care facility for individuals with intellectual and developmental disabilities, a psychiatric hospital or unit, a rehabilitation hospital or unit, a long-term care hospital, a swing-bed hospital, or a facility approved by CMS that furnishes similar services.

Medicare Star Ratings

Plan ratings from
members, providers
and Medicare

Here's how Star Ratings work

The federal government (the Centers for Medicare & Medicaid Services, also known as CMS) uses information from member satisfaction surveys, plans and health care providers to rate Medicare Advantage plans and prescription drug plans (Part D).

Medicare Advantage plans are rated on how well they perform in these categories:

- ★ **Staying healthy (screenings, tests and vaccines)**
- ★ **Managing chronic (long-term) conditions**
- ★ **Plan responsiveness and care**
- ★ **Member complaints, problems getting services and choosing to leave the plan**
- ★ **Health plan customer service**

Each plan receives a rating from one star (lowest) to five stars (highest). Star Ratings are calculated each year and may change from one year to the next.

Information

Aetna Medicare - H5521

For 2025, Aetna Medicare - H5521 received the following Star Ratings from Medicare:

Overall Star Rating:	★★★★★
Health Services Rating:	★★★★☆
Drug Services Rating:	★★★★★

Every year, Medicare evaluates plans based on a 5-star rating system.

Why Star Ratings Are Important

Medicare rates plans on their health and drug services.

This lets you easily compare plans based on quality and performance.

Star Ratings are based on factors that include:

- Feedback from members about the plan's service and care
- The number of members who left or stayed with the plan
- The number of complaints Medicare got about the plan
- Data from doctors and hospitals that work with the plan

More stars mean a better plan – for example, members may get better care and better, faster customer service.

Start your enrollment off right

When completing your form, don't forget to:

Tell us who your primary care provider (PCP) is

- Most of our plans require that you choose a PCP. **Be sure to write your PCP's info on your enrollment form.** This helps us better support your care and promotes a smooth enrollment process. Your PCP will be listed on your member ID card.
- If your plan requires a PCP and you don't list one on your enrollment form, we'll assign one to you. You can change your PCP at any time on your secure member website. Or call us at the number on your member ID card for help.
- View in-network providers at **AetnaMedicare.com/findprovider**.

Choose how to pay your premium

- **Electronic funds transfer (EFT).**
This is the fastest way to pay. Once EFT is set up, we'll withdraw your premium from your bank account each month. It may take up to 30 days for you to see your first deduction. Until then, use your bill to pay.

You can also pay:

- **Online.** Pay by debit or credit card after your plan is active.
- **By mail.** Send us a check with your monthly payment slip.
- **In person.** Bring your bill to any retail CVS Pharmacy® and pay with cash, credit card or debit card.*

Sign and date it

Let's work together to complete your enrollment — be sure to sign and date your form. This will help avoid any delays.

What happens next?

You'll hear from us within about 14 days of your acceptance into the plan. If we have any questions about your enrollment form, we'll call you and send a letter with details.

Plan confirmation and acceptance letter

This letter includes information to help you understand your plan's features. We'll send it to you once the Centers for Medicare & Medicaid Services approves your enrollment.

You'll get your letter in the mail.

Member ID card

This card — not your Medicare card — should be used each time you visit a provider, hospital or pharmacy (if you have prescription drug coverage).

You'll get your Aetna® Medicare member ID card in the mail.

Evidence of Coverage (EOC)

This is a complete description of coverage under your Medicare Advantage plan and your member rights.

Your EOC and other important plan documents will be available on our website in October 2025.

Stand-alone Medicare Prescription Drug Plans (Part D)

Medicare Prescription Drug Plan (PDP): A stand-alone drug plan that adds prescription drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private-Fee-for-Service Plans, and Medicare Medical Savings Account Plans.

Medicare Advantage Plans (Part C) and Cost Plans

Medicare Health Maintenance Organization (HMO): A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. In most HMOs, you can only get your care from doctors or hospitals in the plan's network (except in emergencies).

Medicare Preferred Provider Organization (PPO) Plan: A Medicare Advantage Plan that provides all Original Medicare Part A and Part B health coverage and sometimes covers Part D prescription drug coverage. PPOs have network doctors and hospitals but you can also use out-of-network providers, usually at a higher cost.

Medicare Private Fee-For-Service (PFFS) Plan: A Medicare Advantage Plan in which you may go to any Medicare-approved doctor, hospital and provider that accepts the plan's payment, terms and conditions and agrees to treat you — not all providers will. If you join a PFFS Plan that has a network, you can see any of the network providers who have agreed to always treat plan members. You'll usually pay more to see out-of-network providers.

Medicare Point of Service (POS) Plan: A type of Medicare Advantage Plan available in a local or regional area which combines the best feature of an HMO with an out-of-network benefit. Like the HMO, members are required to designate an in-network physician to be the primary health care provider. You can use doctors, hospitals, and providers outside of the network for an additional cost.

Medicare Special Needs Plan (SNP): A Medicare Advantage Plan that has a benefit package designed for people with special health care needs. Examples of the specific groups served include people who have both Medicare and Medicaid, people who reside in nursing homes, and people who have certain chronic medical conditions.

Medicare Medical Savings Account (MSA) Plan: MSA Plans combine a high deductible health plan with a bank account. The plan deposits money from Medicare into the account. You can use it to pay your medical expenses until your deductible is met.

Medicare Cost Plan: In a Medicare Cost Plan, you can go to providers both in and out of network. If you get services outside of the plan's network, your Medicare-covered services will be paid for under Original Medicare but you'll be responsible for Medicare coinsurance and deductibles.

Medicare Medicaid Plan (MMP): An MMP is a private health plan designed to provide integrated and coordinated Medicare and Medicaid benefits for dual eligible Medicare beneficiaries.

Dental/Vision/Hearing Products

Plans offering additional benefits for consumers who are looking to cover needs for dental, vision or hearing. These plans aren't affiliated or connected to Medicare.

Supplemental Health Products

Plans offering additional benefits; payable to consumers based upon their medical utilization; sometimes used to defray copays/coinsurance. These plans aren't affiliated or connected to Medicare.

Medicare Supplement (Medigap) Products

Plans offering a supplemental policy to fill "gaps" in Original Medicare coverage. A Medigap policy typically pays some or all of the deductible and coinsurance amounts applicable to Medicare-covered services, and sometimes covers items and services that aren't covered by Medicare, like care outside of the country. These plans aren't affiliated or connected to Medicare.

Scope of Appointment documentation is subject to CMS record retention requirements.

Aetna Medicare is an HMO, PPO plan with a Medicare contract. Our D-SNPs also have contracts with State Medicaid programs. Enrollment in our plans depends on contract renewal. SilverScript is a Prescription Drug Plan with a Medicare contract marketed through Aetna Medicare. Enrollment in SilverScript depends on contract renewal.

Additional notes about payment and options

- Social Security will contact you if you have to pay a Part D-Income Related Monthly Adjustment Amount (Part D-IRMAA). You'll have to pay this extra amount as well as your plan premium. Medicare could pay for 75% or more of your drug costs, including monthly prescription drug premiums, annual deductibles, and co-insurance. Additionally, those who qualify won't have a coverage gap or a late enrollment penalty. Many people qualify for these savings and don't even know it. For more information about this Extra Help, contact your local Social Security office, or call Social Security at **1-800-772-1213 (TTY: 1-800-325-0778)**. You can also apply for Extra Help online at **ssa.gov/medicare/part-d-extra-help**.
- If you qualify for Extra Help with your Medicare prescription drug costs, Medicare will pay all or part of your plan premium. If Medicare pays only a portion of this premium, we will bill you for the amount that Medicare doesn't cover.

GOOD TO KNOW

Avoid late enrollment fees

It's important to sign up for Medicare coverage during your **Initial Enrollment Period**. If you don't, the federal government may charge you an extra amount (late enrollment penalty).

These penalties aren't just a one-time late fee. They're added to your monthly premium for as long as you have coverage.

For details about how to avoid late fees, be sure to visit:

[Medicare.gov/basics/costs/medicare-costs/avoid-penalties](https://www.medicare.gov/basics/costs/medicare-costs/avoid-penalties)
