Blue Cross® Local HMO

The Blue Cross Local HMO product is part of a Local network available to Michigan residents in Macomb, Oakland and Wayne counties. Members must select a primary care physician within the Local network of physicians and hospitals affiliated primarily with Henry Ford Health and Trinity Health.

Important information

- Members must select a primary care physician from within the Local network. The primary care physician is responsible for coordinating care with Local network specialists and hospitals.
- Standard BCN referral and clinical review requirements apply.
- If a member needs services outside the Local network, BCN authorization is required for the member to receive care. BCN will only authorize the service if it can't be performed within the Local network.
- Care outside the state of Michigan isn't covered, except for eligible urgent, emergency or accidental injury services.

Check network status

View provider network status at bcbasm.com/find-a-doctor. Be sure your office staff knows which networks you participate in.

Finding Local network providers

When submitting an authorization request in e-referral for a patient with this coverage, providers in this network will show as "preferred."

Check eligibility and benefits

Always check eligibility and benefits before providing services. The name of the Blue Cross Local HMO network is indicated in our provider portal and on the member ID card.
