TOWN OF MAYODAN

Mayodan PD Chaplain Program

The Mayodan Police Department has officially launched its Chaplain Program to provide compassionate support for both officers and members of the community during difficult times. Chaplains serve as a source of care, encouragement, and guidance, helping support officer wellness, assist families during tragic events, and provide comfort to those in need.

The department would like to recognize and thank the chaplains serving in this program: Pastor Torrey Easler of First Baptist Church in Mayodan, Pastor Randy Jessup of Ayersville Baptist Church in Mayodan, Pastor Michael Lindsay of Westside Baptist Church in Mayodan, Pastor William Phillips of Fountain of Youth Ministries in Madison, and Pastor Mark Smith of True Gospel Baptist Church in Madison. Their willingness to serve strengthens the support available to both our officers and the community.

Congratulations Brandon!

Congratulations to Brandon Butler from our Water Treatment Plant for successfully passing the Physical/Chemical Grade 1 exam. Brandon will now fill the role of Backup Operator Responsible Charge (ORC).

Mayodan Fire Relief Fund Scholarship

The Mayodan Fire Relief Fund provides financial scholarship opportunities to firefighters and their families. This year, we are proud to award two scholarships in the amount of \$250 each to Christian Joyce, son of Firefighter Chad Joyce, and Brett Menard, son of Firefighter Charles Menard. These scholarships are intended to help ease the financial burden of college expenses as they continue their education. We thank both families for their continued service and dedication to the Mayodan Fire Department.

Meet Mayodan's Mayor!

Mayor Lake has long been dedicated to serving the Town of Mayodan and the surrounding region. A graduate of UNC–Chapel Hill with a degree in Business Administration, he retired after a 30-year career as a purchasing professional, including 17 years with Volvo Trucks. He was first elected to the Mayodan Town Council in 1999, later serving as Mayor beginning in 2007, and returned to the Town Council in 2021 before being selected again to serve as Mayor in 2024. Fun Fact he loves participating in pickleball.

March Town Council Agenda

Severe Weather Preparedness

Spring storms can develop quickly. Make sure you have a way to receive weather alerts, secure loose outdoor items before storms arrive, and never drive through flooded roadways—turn around, don't drown.
