

The Grace Confirmation Group Needs Your Help to Donate to Help Kids in Transitional Housing

What:

The Grace Confirmation Group is working on a service project to collect items to make comfort kits for kids. We will be donating these kits to an organization who will give them out to kids going through transitional housing.

Who does this benefit:

These kits will be donated to Agate Housing + Services. This organization is a social advocacy group who is committed to ending homelessness. The kits will help kids have activities to entertain them and to help them feel comforted as they find or move to new housing. This will also benefit our entire congregation by knowing we have provided joy to others.
