

Valerie Panciera's Celebration of Life

What is a Celebration of Life Ceremony?

Valerie Panciera believes that every life is worthy of a Celebration. Allow her to help you journey through this time, with a service that helps your family express the closure of a relationship with your loved one.

A traditional Celebration of Life brings people together so that family and friends have the opportunity to express their love. The presence of friends and community provide strength and support for family members.

This Ceremony is conducted with or without the casketed remains present. A personalized service is as important to us as it is to you. In order to make your Service as unique as the life of your loved one, Valerie will arrange a personal consultation and coordinate the memorialization.

Landmark Funeral Home assists Pictorial Remembrance Tributes including collage boards and/or DVD Memorial Videos. Memorial Tables with personal items are displayed as a special memorial reflecting personality, accomplishments, memories, and interests of the person's life. A Celebration of Life Ceremony allows guests to share meaningful and happy memories.

Every Celebration of Life Ceremony recognizes a unique creation and a special relationship with someone you held dear.

A traditional Celebration of Life brings people together so that family and friends have the opportunity to express their love.

We all touch our community in different ways, and the presence of our friends in the community is important to everyone. This Ceremony is conducted with or without the casketed remains present. Personalized service is as important to us as it is to you.

*"We do not choose to be born.
We do not choose our parents, or the country of our birth.
We do not, most of us, choose to die;
nor do we choose the time and conditions of our death.
But within this realm of choicelessness,
we do choose how we live."*
