Supporting and Opposing Legislation that Impacts Veterinary Professionals in Maryland

**Veterinary Issues**

**The Veterinary Care of Retired Law Enforcement K-9s Act - (SB 156) PASSED**

Weighed in on legislation that will create a fund to support veterinary care for retired law enforcement dogs.

**Stricter Penalties for Those Who do Harm to Service Animals (HB 234) - PASSED**

MDVMA strongly supported this legislation and filed testimony reiterating a veterinarian’s sworn oath ensuring all service animals are provided the protective benefit of state statutes to continue their important work for individuals who depend on them.

**Supporting Small Business Pandemic Relief (HB 612/SB 496) PASSED, SIGNED INTO LAW**

The RELIEF Act included direct cash payments to Marylanders, funding to keep organizations running during the pandemic and a swath of new grant and loan programs covering everything from rural and agriculture-based business support, housing, community health providers, behavioral health, childcare, and more. A county-by-county list of COVID-19 Relief programs funded by the passage of this bill can be found at MarylandTaxes.gov.

**Protecting Maryland Small Businesses from Digital Ad Taxes (SB 787) – PASSED**

Last year, Maryland passed the nation’s first tax on the revenue from digital advertisements sold by companies like Facebook, Google and Amazon. The new tax is already facing court challenges. SB 787 counters the new tax by prohibiting advertisers from directly passing on the cost of the tax to customers by means of separate fees, surcharges or other line-item charges.

**Legal Issues**

**Animal Shelters - Standards of Operation (HB 381) - WITHDRAWN**

This legislation would have imposed stricter standards for animal shelters to achieve a 90% save rate, effectively converting government-run shelters into no-kill operations. Additionally, it would have strained budgets and limited resources leading to a reduced acceptance rate.

**Economic and Employment Issues**

**MDVMA and MDA teamed up to provide statements of support for even the most principled legislation. Doing so builds trust that will lead to lawmakers seeking MDVMA’s valuable input in the future.**

**Supporting Small Business Pandemic Relief (HB 612/SB 496) PASSED, SIGNED INTO LAW**

The RELIEF Act included direct cash payments to Marylanders, funding to keep organizations running during the pandemic and a swath of new grant and loan programs covering everything from rural and agriculture-based business support, housing, community health providers, behavioral health, childcare, and more. **What Is A Political Action Committee (PAC)?**

A political action committee is a type of organization that collects and pools campaign contributions from its members and donates those funds to campaign for or against candidates, initiative, or legislation. Membership dues cannot be used as campaign contributions.

**Why Should You Contribute?**

EVERY veterinarian in this state should be concerned about bills that affect how we treat our patients, our clients, or run our businesses. If you are concerned about...

- Animal and public health
- Animal welfare
- Licensure issues
- Taxes on veterinary services and other business issues
- Pharmacy laws
- Encroachment of animal rights groups dictating the practice of veterinary medicine
- Veterinary education
- Agricultural issues

...then you need to contribute!

**An Active PAC Gives Our Association:**

- Political credibility
- Better access to developing relationships with state legislators
- Opportunities to support and elect candidates who understand the challenges that impact veterinary medicine, large and small animals, research, and small business issues

**So that we may continue this important work on behalf of our members, please...**
