# HELP ME SMASH OUT SKIN CANCER

I'm raising funds for Smash Out Skin Cancer to support prevention, early detection, and resources for those affected by melanoma and skin cancer. Together, we can make an impact.

## Did you Know?

- 1 in every 3 cancers diagnosed is skin cancer.
- Skin cancer is more common than breast, prostate, lung, and colon cancer combined!
- 85% of skin cancers are caused by UV radiation.
- It can take as little as 15 minutes of unprotected sun exposure to cause skin damage.
- Tragically, 4 people die from melanoma every day.
