

ECONOMICAL **MATERIAL LIFTS**

STRONG, SIMPLE, RELIABLE

RUGGED SIMPLICITY, EXCEPTIONAL VALUE

Atlantic Lifts Ltd. proudly presents our dependable line of Single Rail (SFPL) and Double Rail (DFPL) Material Lifts—engineered for simplicity, efficiency, and reliability. Built in Canada to exceed A17.1/B44 standards, these lifts deliver unbeatable value—perfect for businesses seeking high-performance, budget-friendly vertical transport solutions.

WHY CHOOSE ATLANTIC MATERIAL LIFTS?

HEAVY-DUTY PERFORMANCE

Robust, stable SFPL and DFPL configurations built from high-quality Canadian steel—made to withstand heavy loads and continuous use.

COMPACT & FLEXIBLE

Designed to fit tight spaces, with a pitless installation option for quick, cost-effective setup.

EFFICIENT OPERATION

A quiet hydraulic drive ensures smooth, reliable lifting—boosting productivity across your facility.

STREAMLINED MAINTENANCE

Non-proprietary controls and straightforward construction keep downtime low and maintenance costs even lower.

SAFETY & COMPLIANCE

In-house, CSA-approved controls plus built-in safety features keep your team protected and your operations compliant.

OUR KEY DIFFERENTIATORS

2-YEAR WARRANTY

Industry-leading coverage that proves our commitment to quality—and your peace of mind.

24/7 SUPPORT

Expert assistance any time, minimizing costly downtime and ensuring maximum uptime.

IN-HOUSE MANUFACTURING

We control the entire process—from design to final assembly—resulting in consistent quality and faster lead times.

FLEXIBLE HOISTWAY OPTIONS

For non-fire-rated applications, we can supply the hoistway, speeding up installation and reducing coordination hassles.

INTRODUCING OUR PITLESS OPTION—FAST, EASY, ECONOMICAL

Eliminate the need for costly excavation with our pitless design—bolt directly onto your existing floor with minimal disruption.

COST SAVINGS

No expensive pit construction; invest more in your core operations.

RAPID INSTALLATION

Simply anchor to the floor and start lifting—no major site work required.

MINIMAL DISRUPTION

Less downtime, less mess, and a faster return on investment.

IDEAL ACROSS INDUSTRIES

Atlantic's material lifts excel in a wide range of environments, enabling safer, more efficient material handling anywhere:

RETAIL STORES & STOCKROOMS

Simplify inventory flow for better stock management and fewer backroom bottlenecks.

WORKSHOPS & GARAGES

Safely move parts, equipment, and tools—boosting workflow and reducing injury risks.

SMALL WAREHOUSES & DISTRIBUTION CENTERS

Maximize limited space with an economical vertical transport solution.

FOOD & BEVERAGE FACILITIES

Transfer supplies and packaged goods efficiently while maintaining sanitary conditions.

COMMERCIAL & INSTITUTIONAL

Schools, hospitals, offices—any facility that needs a reliable, budget-friendly lift.

CUSTOM REQUIREMENTS?

Have unique lifting needs? Atlantic Lifts can design an economical, custom solution just for you. Tell us your challenges—we'll make them disappear.

ELEVATE YOUR OPERATIONS TODAY!
