# Construction Update

In the last 4 weeks, we've seen the old Sid Shelly Scout hall house come down. 4 refuse bins and 3 trailer loads of wood later, she was officially gone.

Our demolition crew, Albert White, Tim Wells, Barry Keep and Ken Bechard got the job done. Way to go! Great job fellas!

Underhill's Trucking was amazing and got the excavation done and ready for foundation footings in two days. Shout out to Butch, Greg and Cody Underhill. You guys did a great job and were so efficient.

And what's a little construction without the need of another engineer to check the soil and complete a report?

The Platinum Concrete team were ready to go and got the footings done and in place ready for the walls.
