

Advanced Formula MOA[®]

PN 115

BG Advanced Formula MOA[®] is 100 percent synthetic and will fortify all specifications of gasoline engine oil, including API SP, at extended oil drain intervals. This formula is Low Speed Pre-Ignition (LSPI) safe and provides superior protection for turbocharged gasoline direct injection engines.

- ***Prevents increased harmful emissions***
- ***LSPI safe***
- ***Maintains engine performance***
- ***Reduces oil consumption***
- ***Provides superior engine protection***
- ***Compatible with API SP engine oils***
