YEAR 2: 97.29% YEAR 5: 97.04%

YEAR 3: 94.29% YEAR 6: 94.38%

We have had a great start of the year with our attendance across the school, including 99% attendance yesterday! The children were very pleased to hear that we have had a strong start and we hope it continues.

It has been a great start to the academic year: there is a calm atmosphere around the school and the children have jumped straight back into their learning with such enthusiasm. The children are looking smart with their uniform – Y3 are looking particularly grown up now they are in blazers! Can I remind parents that long hair should be tied back and children should not be wearing nail varnish.

Shout Out ~ Don't forget to check out your child's class page.

I have been so impressed with the children's attitudes to learning over the past week and a half. It is not easy adjusting to routines after the summer holidays, but every single child has shown such integrity, respect and resilience since their return and I couldn't be prouder.

The children who have been awarded the trophy this week are:

- Y1 – Eoin
- Y2 – Evie
- Y3 – Jack
- Y4 – Daisy
- Y5 – Noah-Jett
- Y6 – Sujay

Whole school – Isabelle (Y4) and Angus (Y1)

Attendance – Well done Y4 for 100% 3 days this week.

Tidy classroom – Y1, you are keeping your classroom looking so tidy.

Safeguarding

If you are worried about a child it is vital you report it. Safeguarding is everyone's responsibility.

Fresh Start

When ordering school dinners through Fresh Start, there is an option to share information around your child's dietary requirements. The meal manager heading on the allergy section includes Hypersensitivity (allergens), intolerance and special dietary requirements. Please can all parents ensure that this has the most up-to-date information for their child, including any foods they cannot eat but are not allergic too. Thank you for your support with this.
