PAYMENT POLICY

On all funerals and cremations that are not prefunded, we kindly request full payment prior to the service. We offer a 2% discount on our charges (side A of the contract) if full payment by cash or check is received prior to funeral. We will accept an insurance assignment to cover the full balance, but please understand this is handled by a third party, and they charge a 3% fee of the total cost of the funeral or a minimum charge of \$175. This fee will be added to your contract.

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.
