# Developing Commercial Corridor – Highway 89A, Cottonwood to Clarkdale, Arizona

The commercial corridor along Highway 89A between Cottonwood and Clarkdale is rapidly emerging as a key economic and business hub in Northern Arizona. Fueled by population growth, tourism, and increased investment, the area is experiencing a surge in commercial development that serves both locals and visitors.

## Cottonwood: A Thriving Regional Center

- Population Growth: Cottonwood has seen consistent annual growth, with over 12,000 residents as of the latest data and a surrounding regional population exceeding 45,000.
- Economic Drivers: The city benefits from its proximity to Sedona and Jerome, attracting a mix of tourists and residents seeking dining, shopping, and entertainment options.
- Commercial Expansion: New mixed-use developments and revitalization projects have spurred growth. Recent additions include national retailers, boutique shops, and professional services.
- Tourism Impact: Over 1 million annual visitors to the Verde Valley support local wineries, adventure tourism, and shopping destinations.

## Clarkdale: A Growing Gateway Community

- Population Growth: Clarkdale's population has grown to nearly 5,000, with projections indicating continued residential and commercial expansion.
- Commercial Focus: Recent growth has included boutique retail, small businesses, and tourist-focused enterprises. Plans for mixed-use developments promise to bring additional services and amenities.
- Tourism Influence: The town is a hub for outdoor recreation, attracting visitors with river rafting, hiking, and heritage sites, all of which support its growing commercial base.

## Highway 89A: A Vital Link

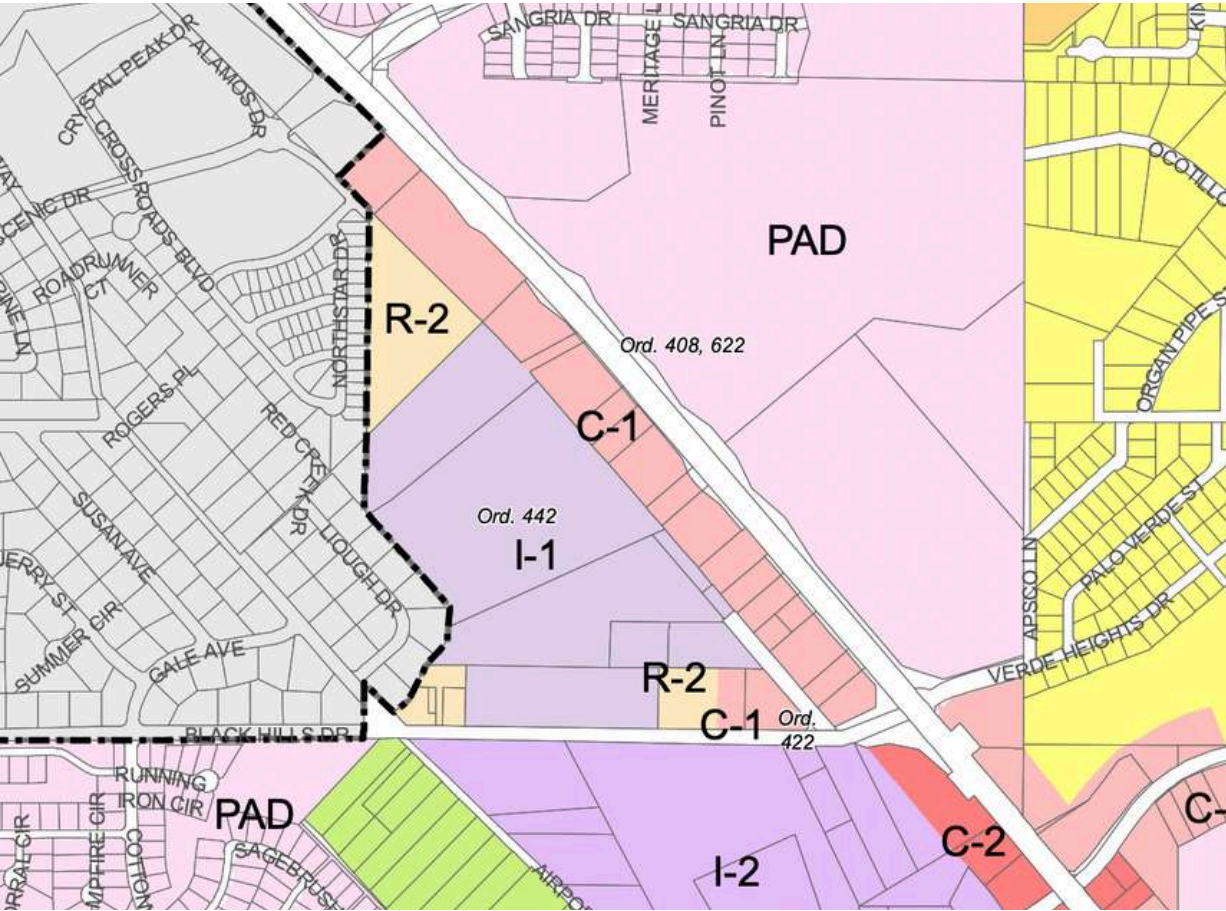

- Strategic Location: Positioned between Sedona and Prescott, the corridor captures regional and tourist traffic.
- Development Opportunities: Increasing demand for commercial space along the highway has led to new retail centers, professional offices, and service-oriented businesses.
- Infrastructure Upgrades: Recent improvements to roads, utilities, and public spaces make this corridor attractive for further investment.

# I-1 Zoning

## Permitted Use

- Manufacturing establishment within a completely enclosed building.
- Warehouses and storage facilities within a completely enclosed building.
- Retail sales which are incidental to a manufacturing activity.
- Governmental services, public utility offices and exchanges, excluding storage or repair services.

- Establishments whose principal function is basic research, design, and pilot or experimental product development, when conducted within a completely enclosed building.
- Business and trade schools., Taxi stands, bus stops, public parking lots and garages., Gas Serve Stations. Outdoor sales of nursery stock. . New and used automobile, truck, mobile home, and agricultural equipment sales.
- Wholesales establishments. Lumber yards and building supplies. Automobile repair garages. Veterinary clinics and kennels. . Open storage in an enclosed, screened fenced area for boats and RV's.

# COTTONWOOD, AZ

## Economic Development Data

“OCCUPANCY RANGES FROM 94.4% FOR INDUSTRIAL UP TO 97.7% FOR RETAIL. THESE LEVELS ARE CONSIDERED MORE THAN FULLY OCCUPIED AND INDICATE THERE IS LIKELY PENT-UP DEMAND FOR ADDITIONAL SPACE (LACK OF MOVE-IN READY BUILDING SPACE CAN HINDER ECONOMIC DEVELOPMENT OPPORTUNITIES).”
