2. Sign up fees and contracts are non-refundable.
3. You will be billed for your fuel oil deliveries at our current fuel oil price, up until that time when our current fuel oil price exceeds the 3.999 net price per gallon.
4. The billing price will be 4.019 which includes the .03/discount for being on automatic delivery. When the invoice is paid within the 10-day discount period your net cost per gallon will be 3.999. Budget accounts will automatically receive discounts.
5. You must be on automatic delivery and REMAIN on automatic delivery for the entire contract period. Ending automatic delivery will void this agreement. To terminate automatic delivery, you MUST call or write to us to be removed and placed on will call delivery terms. When the contract ends you will remain on automatic delivery until you notify Edris Oil that you want your account removed from automatic deliveries. If you do not want to be filled in the summer, you must notify Edris Oil of this and place your account on a "Hold Deliveries" status.
6. Any special or requested deliveries on or off the contract must meet the 150 gallons minimum delivery or the account will be charged a 50.00 delivery charge. Edris Oil will NOT fill cans, barrels, drums, or any type of temporary tank or storage container.
7. Delinquent accounts will void this agreement and sign-up fees will not be refunded.
8. Any discounts other than the .02 / 10-day discount and .03 / automatic delivery discount are void during the contract period and will resume after the contract period is over. (Ex: 1000 tank discount)
9. The pricing contract period runs from September 1, 2023 through June 30, 2024. Deliveries before and/or after this period will be billed at our current daily price per gallon.

10. Budget plans will be auto renewed, and sign-up fees will be charged to account on September 1, 2023. You will remain on budget from September 1, 2023 through August 31, 2024, 12 months. You must notify Edris Oil if you no longer want to participate in a budget plan. If you have a \$0.00 balance at the end of the contract pricing period, no payment needs to be made for July and August. Any summer payments that are made will reduce the following year's monthly budget amount.

☐ I also want to be on the annual renewable monthly budget plan.
