

A message from the City of Euclid Building and Housing Department:

This list of Annual Registered Contractors are those professionals that have proven they are insured and if required have the current license to perform their specific service.

The City of Euclid makes no warranty on the quality of work performed by the contractors. Property owners seeking to contract with any of the listed contractors in this document are encouraged to check references and obtain at least three estimates from three different contractors before making a decision. You may also choose to request proof of binding insurance as an extra level of security.

Scroll to the next page to begin the list of registered contractors.
