Practice Information Notice

2250 Hickory Road, Suite 100,, Plymouth Meeting, PA 19462 – 610-825-9400
740 Springdale Drive, Suite 102, Exton, PA 19341 – 610-524-0780
210 Mall Boulevard, Suite 204, King of Prussia, PA 19406 – 484-808-5340

Welcome to CM Counsel. We are pleased that you have chosen us for treatment. We are committed to providing you with quality mental health services. . This packet contains important information about CM Counsel professional services and business policies. It also contains information about the Health Insurance Portability and Accountability Act (HIPAA), a federal law that provides privacy protections and rights with regard to the use and disclosure of your Protected Health Information (PHI). The Notice of Privacy Practices is included in this packet. The law requires that we obtain your signature acknowledging that we have provided you with this information.

Fees:

Payment is expected at the time of appointment. We accept cash, checks, credit cards and debit cards for payment. Checks should be made payable to CM Counsel. Payment schedules for other professional services will be agreed to when they are requested.

If you have a health insurance policy, it will usually provide some coverage for mental health treatment. The practice will fill out forms and provide you with whatever assistance we can in helping you receive the benefits to which you are entitled.

However, you, not your insurance company, are responsible for full payment of the practice fees. Therefore, it is very important that you find out exactly what mental health services your insurance policy covers. If you have questions about the coverage, please call your plan administrator.

Please bring your insurance card to your first appointment. If you are covered by more than one insurance carrier, please notify our administrative staff ASAP. If there is any change in your insurance status or carrier, please tell us immediately. You may discuss any questions you have regarding fees and payments with your clinician. **Any check returned due to insufficient funds will result in a \$25 service charge.**

Emergencies:

If there is a life-threatening emergency, please go to the nearest hospital emergency room and/or call 911.

Contacting CM Counsel:

You may contact CM Counsel by phone during regular office hours, 9am – 5pm. In Plymouth Meeting, call 610-825-9400. In Exton, call 610-524-0780. In King of Prussia, call 484-808-5340.

After hours: For administrative and other matters, please call one of the office phone numbers and leave a message. If you are calling about an urgent clinical matter that requires attention outside of regular office house, please call the on-call therapist at 610-256-2195.

Confidentiality:

No records of your treatment will be released outside of CM Counsel without specific written permission from you. There are some unusual circumstances under which we may release information without your authorization. Additional information regarding confidentiality is included in this packet. Please discuss any questions or concerns you may have with your therapist.

Suggestions & Complaints:

All of us at CM Counsel are committed to providing quality care. We are dedicated to excellence in customer service and would like the opportunity to address any concerns or complaints you have. If you have a recommendation or concern, please contact Catherine Frank, Ph.D. or Michael Frank, Ph.D. at 610-825-9400.

Clients Rights & Responsibilities:

A copy of CM Counsel's "Statement of Patient's Rights & Responsibilities" is included in this packet. Please feel free to discuss these and any other issues you may have with your clinician. We ask for your signature on the form to assure that this information has been communicated and a copy given to you.

Notice of Psychologists' Policies and Practices to Protect the Privacy of Your Health Information

THIS NOTICE DESCRIBES HOW PSYCHOLOGICAL AND MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

We are required by law to maintain the privacy of your Protected Health Information (PHI). This notice explains our legal duties and privacy practices with regard to your PHI. We are required by law to provide you with a copy of this notice and abide by the terms of this Notice. Accordingly, we will ask you to sign a statement acknowledging that we have provided you with a copy of this notice. We reserve the right to change the terms of this notice at any time. The change may be retroactive and cover PHI that we received or created prior to the revision. Unless we notify you of such changes, however, we are required to abide by the terms currently in effect. If CM Counsel revises our policies and procedures, we will post the revised notice prominently in the office. You may also request a written copy of the revised notice.

I. Uses and Disclosures for Treatment, Payment, and Health Care Operations

CM Counsel may use or disclose your protected health information (PHI), for treatment, payment, and health care operations purposes with your consent. To help clarify these terms, here are some definitions:

- "PHI" refers to information in your health record that could identify you.
- "Treatment, Payment and Health Care Operations"
 - Treatment is when CM Counsel provides, coordinates or manages your health care and other services related to your health care. An example of treatment would be when we consult with another health care provider, such as your family physician or another psychologist.
 - Payment is when CM Counsel obtains reimbursement for your healthcare. Examples of payment are when we disclose your PHI to your health insurer to obtain reimbursement for your health care or to determine eligibility or coverage.
 - Health Care Operations are activities that relate to the performance and operation of CM Counsel. Examples of health care operations are quality assessment and improvement activities, business-related matters such as audits and administrative services, and case management and care coordination.
- "Use" applies only to activities within our practice group such as sharing, employing, applying, utilizing, examining, and analyzing information that identifies you.
- "Disclosure" applies to activities outside of our practice group, such as releasing, transferring, or providing access to information about you to other parties.

II. Uses and Disclosures Requiring Authorization

CM Counsel may use or disclose PHI for purposes outside of treatment, payment, and health care operations when your appropriate authorization is obtained. An "authorization" is written permission above and beyond the general consent that permits only specific disclosures. In those instances when we are asked for information for purposes outside of treatment, payment and health care operations, we will obtain an authorization from you before releasing this information. We will also need to obtain an authorization before releasing your psychotherapy notes. "Psychotherapy notes" are notes made by your practitioner about conversations during a private, group, joint, or family counseling session, which are kept separate from the rest of your medical record. These notes are given a greater degree of protection than PHI. You may revoke all such authorizations (of PHI or psychotherapy notes) at any time, provided each revocation is in writing. You may not revoke an authorization to the extent that (1) CM Counsel has relied on that authorization; or (2) if the authorization was obtained as a condition of obtaining insurance coverage, and the law provides the insurer the right to contest the claim under the policy. CM Counsel will also obtain an authorization from you before using or disclosing PHI in a way that is not described in this notice.

III. Uses and Disclosures with Neither Consent nor Authorization

CM Counsel may use or disclose PHI without your consent or authorization in the following circumstances:

- **Child Abuse:** If we have reasonable cause, on the basis of professional judgment, to suspect abuse of children with whom we come into contact in our professional capacity, we are required by law to report this to the Pennsylvania Department of Public Welfare.
- **Adult and Domestic Abuse:** If we have reasonable cause to believe that an older adult is in need of protective services (regarding abuse, neglect, exploitation or abandonment), we may report such to the local agency which provides protective services.
- **Judicial or Administrative Proceedings:** If you are involved in a court proceeding and a request is made about the professional services CM Counsel has provided to you or the records thereof, such information is privileged under state law, and we will not release the information without your written consent, or a court order. The privilege does not apply when you are being evaluated for a third party or where the evaluation is court ordered. You will be informed in advance if this is the case.
- **Serious Threat to Health or Safety:** If you express a serious threat, or intent to kill or seriously injure an identified or readily identifiable person or group of people, and we determine that you are likely to carry out the threat, CM Counsel must take reasonable measures to prevent harm. Reasonable measures may include directly advising the potential victim of the threat or intent.
- **Worker's Compensation:** If you file a worker's compensation claim, CM Counsel will be required to file periodic reports with your employer which shall include, where pertinent, history, diagnosis, treatment, and prognosis.
- **Section 164.512 of the Privacy Rule:** When the use and disclosure without your consent or authorization is allowed under other parts of Section 164.512 of the Privacy Rule and the state's confidentiality law. This includes certain narrowly defined disclosures to law enforcement agencies, to a health oversight agency, such as HHS or a state department of health, to a coroner or medical examiner, for public health purposes relating to disease or FDA-regulated products, or for specialized government functions such as fitness for military duties, eligibility for VA benefits and national security and intelligence.

There may be additional disclosures of PHI that CM Counsel is required or permitted by law to make without your consent or authorization, however the disclosures listed above are the most common.

IV. Patient's Rights

- **Right to Request Restrictions:** You have the right to request restrictions on certain uses and disclosures of protected health information about you. However, CM Counsel is not required to agree to a restriction you request.
- **Right to Receive Confidential Communications by Alternative Means and at Alternative Locations:** You have the right to request and receive confidential communications of PHI by alternative means and at alternative locations. (For example, you may not want a family member to know that you are being treated at CM Counsel. Upon your request, we will send your bills to another address.) The request must be in writing, but we will not ask for an explanation from you. We will accommodate reasonable requests, but we may condition the accommodation on information as to how payment, if any, will be handled and specification of an alternative address or other method of contact.
- **Right to Inspect and Copy:** You have the right to inspect or obtain a copy (or both) of PHI in your mental health and billing records used to make decisions about you for as long as the PHI is maintained in the record. If you want to exercise this right, please submit a request to access medical records in writing. This right does not extend to psychotherapy notes, information compiled in reasonable anticipation of legal action and confidential information relating to certain lab tests. We may deny your access to PHI under certain circumstances, but in some cases, you may have this decision reviewed. On your request, we will discuss with you the details of the request and denial process.
- **Right to Amend:** You have the right to request an amendment of PHI for as long as the PHI is maintained in the record. If you want to exercise this right, please make your request for amendment of medical records in writing. You will need to provide a reason for the requested amendment. CM Counsel may deny your request if we determine that we did not create your record, is not maintained by use, would not be available for access or is accurate and complete. Your records will not be changed or deleted as a result of our granting your request, but the amendment will be attached to your record and its existence noted in your record as necessary. Use of this procedure is not necessary for routine change to your demographic information, such as address, phone number, etc. On your request, we will discuss with you the details of the amendment process.

- **Right to an Accounting:** You generally have the right to receive an accounting of disclosures of PHI for which you have neither provided consent nor authorization (as described in Section III of this Notice). If you want to exercise this right, please provide your request in writing. The accounting does not have to list disclosures made to carry out treatment, payment and healthcare operations; to you; pursuant to an authorization; for national security or intelligence purposes; to correctional institutions or law enforcement personnel; or that occurred prior to April 14, 2003. Compliance with this right is time consuming and do we reserve the right to charge you a fee if you request more than one accounting in a 12-month period. On your request, we will discuss with you the details of the accounting process.
- **Right to a Paper Copy:** You have the right to obtain a paper copy of this notice from CM Counsel upon request, even if you have agreed to receive the notice electronically.
- **Right to Restrict Disclosures When You Have Paid for Your Care Out-of-Pocket:** You have the right to restrict certain disclosures of PHI to a health plan when you pay out-of-pocket in full for CM Counsel services.
- **Right to Be Notified if There is a Breach of Your Unsecured PHI:** You have a right to be notified if: (a) there is a breach (a use or disclosure of your PHI in violation of the HIPAA Privacy Rule) involving your PHI; (b) that PHI has not been encrypted to government standards; and (c) our risk assessment fails to determine that there is a low probability that your PHI has been compromised.

V. Organizational Policies

To facilitate the smooth and efficient operation of our practice, we engage in certain practices and policies that you should understand. You can avoid any of the following practices by discussing your concerns with us and working out an alternative arrangement as is possible.

- We contact our patients by telephone, which might include leaving a message on an answering machine or voice mail to provide appointment reminders or other pertinent administrative information.
- Our staff will conduct routine discussions at our front desk with patients as needed.
- We may use sign-in sheets and call out names in our waiting room to manage patient flow.
- We may share PHI with third party business associates that perform various functions for the practice (for example, billing services and transcription services), and we have written contracts with those entities containing terms that require the protection of your PHI.
- We may share PHI with third-party "business associates" that perform various functions for us (for example, billing, transcription), but we have written contracts with those entities containing terms that require the protection of your PHI.
- We may disclose your PHI to your personal representative(s), if any, unless we determine in the exercise of our professional judgment that such disclosures should not be made.

Questions and Complaints

If you have questions about this notice, disagree with a decision CM Counsel has made about access to your records, or have other concerns about your privacy rights, you may contact Michael Frank, Ph.D., Privacy and Security Officer, CM Counsel, 523 Plymouth Road, Suite 215, Plymouth Meeting, PA 19462, 610-825-9400. If you believe that your privacy rights have been violated and wish to file a complaint with CM Counsel, you may send your written complaint to Michael Frank, Ph.D., Privacy and Security Officer, CM Counsel, 523 Plymouth Road, Suite 215, Plymouth Meeting, PA 19462. You may also send a written complaint to the Secretary of the U.S. Department of Health and Human Services. The person listed above can provide you with the appropriate address upon request. You have specific rights under the Privacy Rule. CM Counsel will not retaliate against you for exercising your right to file a complaint.

VI. Effective Date, Restrictions and Changes to Privacy Policy

The effective date for this notice is August 2016. CM Counsel reserves the right to change the terms of this notice and to make the new notice provisions effective for all PHI that we maintain. We will provide you with a revised notice by posting the revised notice prominently in our office. You may also request a written copy of the revised notice.

CM Counsel's NO SHOW and LATE CANCELLATION Policy

Welcome and thank you for choosing CM Counsel. We know you have numerous choices. We hope our clinicians and administrative staff go above and beyond meeting your needs and expectations

We at CM Counsel are devoted to providing services to those who come to us requesting assistance. As such, we prepare well in advance for the appointment mutually agreed upon. We consider this time important in terms of providing professional services uniquely designed. In other words, this is time dedicated specifically to you.

Given our commitment to providing optimal services, we ask that our clients make a commitment as well. We ask that you make every effort to keep your appointment. While we understand there are occasional unforeseen circumstances and emergencies that might present an obstacle to attending your appointment, our policy requires you to notify us at least 24 hours in advance of any cancellation.

Neglecting to do so has two major consequences: First insurance will not pay for any missed session. Thus no one, including your clinician, receives any payment. Given that this is our livelihood, we are at a loss when a late cancel or a no show occurs. Secondly and equally important, if a cancellation is not made in a timely fashion, it is often impossible to offer other clients waiting for an appointment the newly opened hour.

It is for the reasons described that the following out-of-pocket fees are incurred for late cancellations and no shows:

Psychotherapists: \$75
PhD Psychologists: \$100
Psychiatric Evaluation: \$150
Psychiatric Follow-Up: \$85

We are sure that you can understand why these fees exist and are collected prior to or at the time your next appointment is made. If you have any concerns regarding this policy, please discuss them when you meet your clinician.

Once again, thank you for choosing to work with us. We look forward to ongoing and positive relationships with you.

Most sincerely,
CM Counsel

CM Counsel
Electronic Communication Policy

In order to maintain clarity regarding the use of electronic modes of communication during your treatment, CM Counsel has prepared the following policy. Many of the commonly used modes of electronic communication now regularly used in our society put your privacy at risk and can be inconsistent with the law and the professional standards of the practitioners at CM Counsel. Consequently, this policy has been prepared to assure the security and confidentiality of your treatment to the extent possible and insure that it is consistent with ethics and the law. If you have any questions about this policy, please feel free to discuss them with your practitioner or the Clinical Director of the practice, Cathy Frank, Ph.D.

Email Communication:

CM Counsel will use email communication with your permission and only for administrative purposes unless we have made another agreement. This means that email exchanges with your practitioner or the office should be limited to things like setting and changing appointments, billing matters and other administrative matters. Please do not email your practitioner or the office about clinical matters because email is not a secure way to communicate with your practitioner. If you need to discuss a clinical matter with your practitioner, please call the office to speak with your practitioner by phone or wait to discuss the matter in session. The telephone or face-to-face communication is a much more secure method of talking about clinical matters.

Text Messaging:

Because text messaging is a very unsecure and impersonal mode of communication, CM Counsel practitioners or office staff do not send text messages or respond to text messages from anyone in treatment at CM Counsel. So, please do not send text messages to your practitioner or the office unless we have made other arrangements in advance.

Social Media:

The practitioners and office staff do not communicate with or contact clients through social media platforms like Twitter, Facebook, Snap Chat, etc. This is because communication on these types of social media platforms can create significant security risks for you. Your practitioner may participate on various social networks, but cannot communicate professionally with patients. Please do not try to communicate with your practitioner via social media platforms. Please feel free to discuss this policy with your practitioner if you have questions.

Websites:

CM Counsel has a website that you are free to access. The website provides information about the practice. If you have any questions about the website, please discuss with your practitioner during your session.

CM COUNSEL
Statement of Limits to Patient Confidentiality
Patient Copy

CM Counsel believes the protection of client information is of primary importance and thus maintains strict confidentiality standards. We employ only those persons who maintain professional standards of confidentiality, including confidentiality of personal information and your client record.

CM Counsel staff is subject to standards that contain strict obligations of confidentiality. Client records are maintained in CM Counsel clinical treatment facilities only, in secured files with controlled access.

No records of treatment will be released outside of CM Counsel without specific written permission from you, the client or guardian. **There are some unusual circumstances under which CM Counsel may release treatment information without your authorization. These situations are:**

1. An emergency involving imminent danger of harm to yourself or to others (suicidal or homicidal).
2. An audit of program evaluation by qualified personnel representing the insurance carrier.
3. Court order.
4. Physical and/or sexual abuse of a minor.
5. Abuse, neglect, exploitation or abandonment of an older adult.
6. Use, creation or dissemination of child pornography.
7. If a crime is threatened or committed at the CM Counsel or against CM Counsel staff.
8. If a client is employed by a company that has additional exceptions to confidentiality, i.e. safety sensitive positions and reporting of substance abuse.
9. In the case where a client is referred by a primary care physician and is receiving medication from CM Counsel, medication reports may be sent without your consent.
10. If a government agency is requiring the information for health oversight activities
11. If you or your legal representative files a complaint or lawsuit against CM Counsel, we may disclose relevant information about you in order to defend the practice and practitioners.
12. Worker's compensation claims.

Duty to warn and protect:

The duty to warn and protect overrides the usual right to confidentiality. If a therapist believes that a client represents a threat to himself or others, the therapist shall attempt to warn the client's family member of potential self-harm and attempt to warn the potential victim in a timely manner. In such a case, the police may be contacted. In any life-threatening situation, any relevant information obtained during the initial evaluation or from ongoing treatment can be released.

New PA Child Protective Service Law Reporting Requirements as of Dec. 31, 2014:

If there is reason to suspect, in the judgment of a CM Counsel practitioner, that a child under 18 years of age is or has been abused, the practitioner is mandated by law to report those suspicions to the authority or government agency vested to conduct child abuse investigations. The CM Counsel practitioner is required to make such reports even if he or she does not see the child in a professional capacity.

Furthermore, the CM Counsel practitioner is mandated to report suspected child abuse if anyone age 14 or older tells the practitioner that he or she has committed child abuse, even if the victim is no longer in danger.

All CM Counsel practitioners are also mandated to report suspected child abuse if anyone tells the practitioner that he or she knows of any child who is currently being abused even if the practitioner does not see the child in a professional capacity.

All CM Counsel practitioners are mandated to report use, creation or dissemination of child pornography.

If you have any questions about limits to confidentiality and mandated reporting laws, please discuss with your practitioner.

My signature below indicates that I understand confidentiality standards and limits to my confidentiality and my questions/concerns were addressed.
