

### Initial Assessment Questionnaire

### What is AIMS Training?

AIMS is a framework to intentionally train the body that God has given you.

My purpose as your Strength and Conditioning Coach is to encourage you to build an attitude and discipline of endurance – in mind, body and spirit.

Ultimately, to achieve your physical goals and run the race that God has set before you.

At AIMS Training, we believe that you have an individually designed path to run in life.

Everyday you have a choice:

TO commit to the journey of discipline and consistency OR stay on the safe path that may leave you short of fully experiencing what God has for you

### What are your AIMS?

1. Attitude: determined by the thoughts we allow to take root

What do you say to yourself when life gets challenging? What do you believe about yourself? How do these thoughts fuel you or tear you down?

2. <u>Intention</u> : putting purpose behind our actions				
What are you intentions towards your physical training and nutrition?				
3. Movement: a reflection of our attitude and intentions				
Are you content or do you desire change? Where might you need to re-frame your mindset in				
order to press on towards your goals?				
4. <u>Strength</u> : partnering with God to achieve your goals in the face of challenges				
What does strength mean to you? Where do you feel strong? Where do you feel weak? Where do you draw your strength from?				

5. What are your short-term goals? What are your long-term goals related to physical, mental and spiritual fitness?

### **NEXT STEPS IN YOUR CLIMB**

- 1. Print out this form and put in a spot you will see daily to reinforce the growth and change that you are seeking.
- 2. Knowing and acknowledging where you are allows you to humbly grow and create a trajectory for growth.
- 3. Surrender and re-surrender your expectations to the Lord. Allow God into this journey and partner with Him to re-frame your mindset.
- 4. He gave you this amazing life and body to steward and serve Him with. Consider this a "I get to" journey instead of "I have to".

I am honored to work with you. LET'S START CLIMBING TOGETHER! -Emilie Mayfield

"Therefore, since we are surrounded by so great a cloud of witnesses, let us also lay aside every weight and sin which clings so closely, and let us run with endurance the race that is set before us, looking to Jesus, the founder and perfecter of our faith, who for the joy that was set before him endured the cross, despising the shame and is seated at the right hand of the throne of God." -Hebrews 12:1-2

### Athlete Name: Date:

### Physical Assessment Questionnaire

Anthropometric Data
Height:
Weight:
Age:
Exercise Data
1. What types of exercise to do you participate in?
2. How often do you strength train per week?
3. What is your exercise intensity level?
4. How long do you exercise for per session?
Nutrition Data
1. How many meals per day do you consume?
2. Do you ever skip meals?
3. Roughly, how many grams of protein do you consume per day?
4. Is it difficult to incorporate fruits and/or vegetables into your daily nutrition?
<u>Injury History</u>
Any recent injuries that you are dealing with?
Anything else you would like me to know:

### The Physical Activity Readiness Questionnaire for Everyone

The health benefits of regular physical activity are clear; more people should engage in physical activity every day of the week. Participating in physical activity is very safe for MOST people. This questionnaire will tell you whether it is necessary for you to seek further advice from your doctor OR a qualified exercise professional before becoming more physically active.

### **GENERAL HEALTH QUESTIONS**

Please read the 7 questions below carefully and answer each one honestly: check YES or NO.	YES	NO		
1) Has your doctor ever said that you have a heart condition <b>OR</b> high blood pressure ?				
2) Do you feel pain in your chest at rest, during your daily activities of living, <b>OR</b> when you do physical activity?		0		
3) Do you lose balance because of dizziness <b>OR</b> have you lost consciousness in the last 12 months? Please answer <b>NO</b> if your dizziness was associated with over-breathing (including during vigorous exercise).				
4) Have you ever been diagnosed with another chronic medical condition (other than heart disease or high blood pressure)? <b>PLEASE LIST CONDITION(S) HERE:</b>				
5) Are you currently taking prescribed medications for a chronic medical condition?  PLEASE LIST CONDITION(S) AND MEDICATIONS HERE:				
6) Do you currently have (or have had within the past 12 months) a bone, joint, or soft tissue (muscle, ligament, or tendon) problem that could be made worse by becoming more physically active? Please answer NO if you had a problem in the past, but it does not limit your current ability to be physically active. PLEASE LIST CONDITION(S) HERE:				
7) Has your doctor ever said that you should only do medically supervised physical activity?				
If you answered NO to all of the questions above, you are cleared for physical activity.  Please sign the PARTICIPANT DECLARATION. You do not need to complete Pages 2 and 3.  Start becoming much more physically active – start slowly and build up gradually.  Follow Global Physical Activity Guidelines for your age (https://apps.who.int/iris/handle/10665/44399).  You may take part in a health and fitness appraisal.  If you are over the age of 45 yr and NOT accustomed to regular vigorous to maximal effort exercise, consult a qualified exercise professional before engaging in this intensity of exercise.  If you have any further questions, contact a qualified exercise professional.  PARTICIPANT DECLARATION  If you are less than the legal age required for consent or require the assent of a care provider, your parent, guardian or care provider must also sign this form.  I, the undersigned, have read, understood to my full satisfaction and completed this questionnaire. I acknowledge that this physical activity clearance is valid for a maximum of 12 months from the date it is completed and becomes invalid if my condition changes. I also acknowledge that the community/fitness center may retain a copy of this form for its records. In these instances, it will maintain the confidentiality of the same, complying with applicable law.

### If you answered YES to one or more of the questions above, COMPLETE PAGES 2 AND 3.

### **⚠** Delay becoming more active if:

- You have a temporary illness such as a cold or fever; it is best to wait until you feel better.
- You are pregnant talk to your health care practitioner, your physician, a qualified exercise professional, and/or complete the ePARmed-X+ at www.eparmedx.com before becoming more physically active.
- Your health changes answer the questions on Pages 2 and 3 of this document and/or talk to your doctor or a qualified exercise professional before continuing with any physical activity program.

### FOLLOW-UP QUESTIONS ABOUT YOUR MEDICAL CONDITION(S)

1.	Do you have Arthritis, Osteoporosis, or Back Problems?  If the above condition(s) is/are present, answer questions 1a-1c  If NO go to question 2		
1a.	Do you have difficulty controlling your condition with medications or other physician-prescribed therapies? (Answer <b>NO</b> if you are not currently taking medications or other treatments)	YES NO	
1b.	Do you have joint problems causing pain, a recent fracture or fracture caused by osteoporosis or cancer, displaced vertebra (e.g., spondylolisthesis), and/or spondylolysis/pars defect (a crack in the bony ring on the back of the spinal column)?	YES NO	
1c.	Have you had steroid injections or taken steroid tablets regularly for more than 3 months?	YES NO	
2.	Do you currently have Cancer of any kind?		
	If the above condition(s) is/are present, answer questions 2a-2b  If NO go to question 3		
2a.	Does your cancer diagnosis include any of the following types: lung/bronchogenic, multiple myeloma (cancer of plasma cells), head, and/or neck?	YES NO	
2b.	Are you currently receiving cancer therapy (such as chemotheraphy or radiotherapy)?	YES NO	
3.	Do you have a Heart or Cardiovascular Condition? This includes Coronary Artery Disease, Heart Failure, Diagnosed Abnormality of Heart Rhythm		
	If the above condition(s) is/are present, answer questions 3a-3d  If NO go to question 4		
3a.	Do you have difficulty controlling your condition with medications or other physician-prescribed therapies? (Answer <b>NO</b> if you are not currently taking medications or other treatments)	YES NO	
3b.	Do you have an irregular heart beat that requires medical management? (e.g., atrial fibrillation, premature ventricular contraction)	YES NO	
3c.	Do you have chronic heart failure?	YES NO	
3d.	Do you have diagnosed coronary artery (cardiovascular) disease and have not participated in regular physical activity in the last 2 months?	YES NO	
4.	Do you currently have High Blood Pressure?		
	If the above condition(s) is/are present, answer questions 4a-4b		
4a.	Do you have difficulty controlling your condition with medications or other physician-prescribed therapies? (Answer <b>NO</b> if you are not currently taking medications or other treatments)	YES NO	
4b.	Do you have a resting blood pressure equal to or greater than 160/90 mmHg with or without medication? (Answer <b>YES</b> if you do not know your resting blood pressure)	YES NO	
5.	Do you have any Metabolic Conditions? This includes Type 1 Diabetes, Type 2 Diabetes, Pre-Diabetes		
	If the above condition(s) is/are present, answer questions 5a-5e  If NO go to question 6		
5a.	Do you often have difficulty controlling your blood sugar levels with foods, medications, or other physician-prescribed therapies?	YES NO	
5b.	Do you often suffer from signs and symptoms of low blood sugar (hypoglycemia) following exercise and/or during activities of daily living? Signs of hypoglycemia may include shakiness, nervousness, unusual irritability, abnormal sweating, dizziness or light-headedness, mental confusion, difficulty speaking, weakness, or sleepiness.	YES NO	
5c.	Do you have any signs or symptoms of diabetes complications such as heart or vascular disease and/or complications affecting your eyes, kidneys, <b>OR</b> the sensation in your toes and feet?	YES NO	
5d.	Do you have other metabolic conditions (such as current pregnancy-related diabetes, chronic kidney disease, or liver problems)?	YES NO	
5e.	Are you planning to engage in what for you is unusually high (or vigorous) intensity exercise in the near future?	YES NO	

6.	. <b>Do you have any Mental Health Problems or Learning Difficulties?</b> This includes Alzheimer's, Dementia, Depression, Anxiety Disorder, Eating Disorder, Psychotic Disorder, Intellectual Disability, Down Syndrome		
	If the above condition(s) is/are present, answer questions 6a-6b		
6a.	Do you have difficulty controlling your condition with medications or other physician-prescribed therapies? (Answer <b>NO</b> if you are not currently taking medications or other treatments)	YES NO	
6b.	Do you have Down Syndrome <b>AND</b> back problems affecting nerves or muscles?	YES NO	
7.	<b>Do you have a Respiratory Disease?</b> This includes Chronic Obstructive Pulmonary Disease, Asthma, Pulmonary High Blood Pressure		
	If the above condition(s) is/are present, answer questions 7a-7d		
7a.	Do you have difficulty controlling your condition with medications or other physician-prescribed therapies? (Answer <b>NO</b> if you are not currently taking medications or other treatments)	YES NO	
7b.	Has your doctor ever said your blood oxygen level is low at rest or during exercise and/or that you require supplemental oxygen therapy?		
7c.	If asthmatic, do you currently have symptoms of chest tightness, wheezing, laboured breathing, consistent cough (more than 2 days/week), or have you used your rescue medication more than twice in the last week?	YES NO	
7d.	Has your doctor ever said you have high blood pressure in the blood vessels of your lungs?	YES NO	
8.	<b>Do you have a Spinal Cord Injury?</b> This includes Tetraplegia and Paraplegia  If the above condition(s) is/are present, answer questions 8a-8c  If <b>NO</b> go to question 9		
8a.	Do you have difficulty controlling your condition with medications or other physician-prescribed therapies? (Answer <b>NO</b> if you are not currently taking medications or other treatments)	YES NO	
8b.	Do you commonly exhibit low resting blood pressure significant enough to cause dizziness, light-headedness, and/or fainting?	YES NO	
8c.	Has your physician indicated that you exhibit sudden bouts of high blood pressure (known as Autonomic Dysreflexia)?	YES NO	
9.	<b>Have you had a Stroke?</b> This includes Transient Ischemic Attack (TIA) or Cerebrovascular Event If the above condition(s) is/are present, answer questions 9a-9c If <b>NO</b> go to question 10		
9a.	Do you have difficulty controlling your condition with medications or other physician-prescribed therapies? (Answer <b>NO</b> if you are not currently taking medications or other treatments)	YES NO	
9b.	Do you have any impairment in walking or mobility?	YES NO	
9c.	Have you experienced a stroke or impairment in nerves or muscles in the past 6 months?	YES NO	
10.	Do you have any other medical condition not listed above or do you have two or more medical conditions	tions?	
	If you have other medical conditions, answer questions 10a-10c If <b>NO</b> read the Page 4 red	commendations	
10a.	Have you experienced a blackout, fainted, or lost consciousness as a result of a head injury within the last 12 months <b>OR</b> have you had a diagnosed concussion within the last 12 months?	YES NO	
10b.	Do you have a medical condition that is not listed (such as epilepsy, neurological conditions, kidney problems)?	YES NO	
10c.	Do you currently live with two or more medical conditions?	YES NO	
	PLEASE LIST YOUR MEDICAL CONDITION(S) AND ANY RELATED MEDICATIONS HERE:		

GO to Page 4 for recommendations about your current medical condition(s) and sign the PARTICIPANT DECLARATION.

If you answered NO to all of the FOLLOW-UP questions (pgs. 2-3) about your medical condition, you are ready to become more physically active - sign the PARTICIPANT DECLARATION below:

- lt is advised that you consult a qualified exercise professional to help you develop a safe and effective physical activity plan to meet your health needs.
- You are encouraged to start slowly and build up gradually 20 to 60 minutes of low to moderate intensity exercise, 3-5 days per week including aerobic and muscle strengthening exercises.
- As you progress, you should aim to accumulate 150 minutes or more of moderate intensity physical activity per week.
- lf you are over the age of 45 yr and **NOT** accustomed to regular vigorous to maximal effort exercise, consult a qualified exercise professional before engaging in this intensity of exercise.

If you answered **YES** to **one or more of the follow-up questions** about your medical condition:

You should seek further information before becoming more physically active or engaging in a fitness appraisal. You should complete the specially designed online screening and exercise recommendations program - the **ePARmed-X+ at www.eparmedx.com** and/or visit a qualified exercise professional to work through the ePARmed-X+ and for further information.

#### Delay becoming more active if:

You are pregnant - talk to your health care practitioner, your physician, a qualified exercise professional, and/or complete the ePARmed-X+ **at www.eparmedx.com** before becoming more physically active.

Your health changes - talk to your doctor or qualified exercise professional before continuing with any physical activity program.

- You are encouraged to photocopy the PAR-Q+. You must use the entire questionnaire and NO changes are permitted.
- The authors, the PAR-Q+ Collaboration, partner organizations, and their agents assume no liability for persons who
  undertake physical activity and/or make use of the PAR-Q+ or ePARmed-X+. If in doubt after completing the questionnaire,
  consult your doctor prior to physical activity.

### **PARTICIPANT DECLARATION**

- All persons who have completed the PAR-Q+ please read and sign the declaration below.
- If you are less than the legal age required for consent or require the assent of a care provider, your parent, guardian or care provider must also sign this form.

I, the undersigned, have read, understood to my full satisfaction and completed this questionnaire. I acknowledge that this physical activity clearance is valid for a maximum of 12 months from the date it is completed and becomes invalid if my condition changes. I also acknowledge that the community/fitness center may retain a copy of this form for records. In these instances, it will maintain the confidentiality of the same, complying with applicable law.
