

2023 Autism Ambassador Conference

Scheme update

- 4 training courses since last conference (85 Ambassadors)

Scheme update

- 1176 Ambassadors trained since March 2015
- 30 Ambassadors attended two face-to-face networking meetings
- 7 one-hour sessions delivered by members of our training team at the request of Ambassadors
- About 444 Ambassadors are still engaged with the scheme
- Where have the other 732 gone?

Scheme update

- Our training team has lost Zoe Spillett (PCC) but we are hoping to build the team this year
- Annual Membership and charging for initial training continues to help keep scheme running
- Ideas for a Junior Autism Ambassador Scheme have been tried out during the year but nothing concrete to report on yet
- All partners continue to be fully committed to the scheme (and we are expecting an increase in demand)
