# ABOUT PARAMOUNT

With the vision of building fine furniture grade, hand-crafted wood products, in just two decades Paramount has grown from a small operation to one with dozens of skilled woodworkers in 32,500 square feet of fabrication space in San Bernardino, California.

To preserve this vision to produce top-quality wood products, Don McFarland still walks the shop daily to insure that every window and door meets his high quality standards. Every door and window is expected to be as good as they were when he hand-built them himself.

Today, the traditional quality of the product is also reflected by the financial strength and agility of the company. It's personal with the McFarland family. The company and the products always reflect their original goal of building the finest furniture grade wood products, for fine homes, restoration projects and commercial structures.

## WHY US

30+ Years, Consistent Innovation Traditional & Contemporary Designs

Historical Accuracy/ Approved through HPOZ & Historical Societies

Expansive Experience of Traditional Woodworking

High-Quality Energy Efficiency Requirements

Custom Solid Wood Doors, Wood Windows

Title 24 Certified, NFRC Upon Request

New Construction/ Retrofit

Preserving The Hand-Crafted Feel

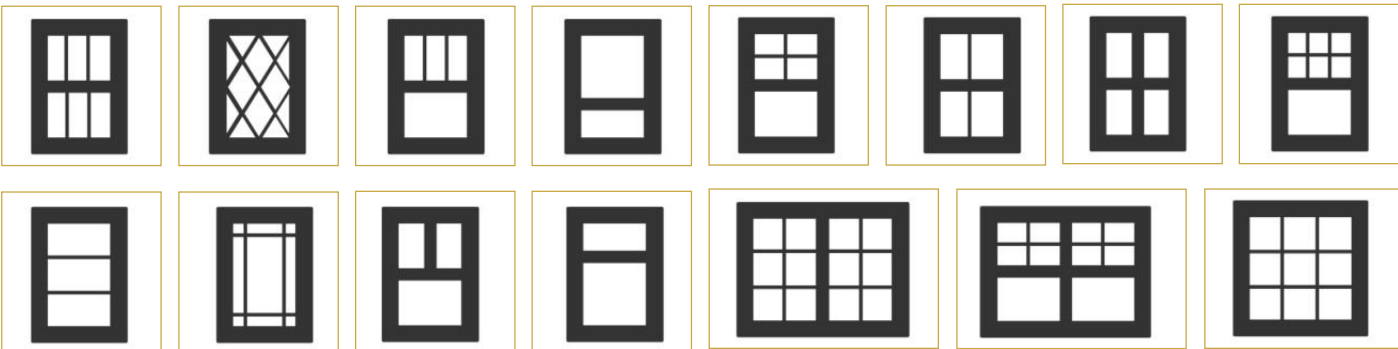

# HISTORICAL ACCURACY

Our company stands unparalleled in the realm of architectural conservation, offering unmatched expertise in the creation of windows and doors that are not only historically accurate but also embody the essence of bygone eras. With a meticulous approach to detail and a profound respect for historical integrity, we craft each piece as a testament to the architectural heritage it represents. Our commitment to excellence and authenticity has established us as industry leaders, trusted by architects and conservationists alike to bring the rich tapestry of history alive through our work. Whether it's a Victorian sash window or a Gothic arched door, our creations are the pinnacle of historical fidelity and craftsmanship.

“

A Collection  
Crafted To  
Accentuate Your  
Individuality  
”

# CONTEMPORARY ELEGANCE

Door and window design elegantly marries contemporary innovation with the enduring allure of classic styles. This harmonious fusion is defined by the seamless integration of cutting-edge materials and technology with traditional design principles, ensuring functionality without compromising on aesthetic appeal. The result is a collection of architectural elements that not only cater to the practical demands of modern living but also pay homage to the timeless beauty of historical craftsmanship. Each design element is thoughtfully considered to create spaces that are both inviting and reflective of a rich design heritage, making every door and window not just a mere entryway, but a statement of artistic expression.

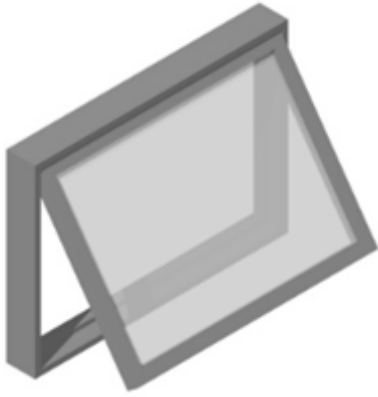

# WINDOWS

Paramount Windows are always built to your specifications. Standard windows such as casement, sliding and double hung windows are especially competitive in price, with very short lead times.

## HIGHLY CUSTOMIZABLE

Our doors and windows represent the pinnacle of adaptability, meticulously crafted to align with the individual desires and architectural demands of our discerning clientele. The term "Highly Customizable" encapsulates our dedication to providing a tailored experience, where every detail, from the design patterns to the hardware selection, is subject to the client's preference.

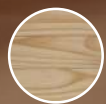

- ✓ **Beyond Industry Standards:**  
Jambs, Sticking Options,  
Grid Patterns, Sizes
- ✓ **Sizes**
- ✓ **Configurations**
- ✓ **Styles / Rails Layouts**
- ✓ **Profiles**
- ✓ **Glass Variety**

# VARIETY ON HIGH QUALITY MATERIALS

Our collection is a testament to the diversity and superior quality of materials we offer. "Variety on High-Quality Materials" is not just a commitment; it's the foundation upon which our reputation is built. We source only the finest woods, metals, and glass, each selected for its durability, beauty, and performance. Our extensive range caters to every design preference, from the classic elegance of oak and mahogany to the modern sophistication of aluminum and tempered glass. This commitment to variety ensures that our clients have access to a wide spectrum of options, enabling them to find the perfect match for their architectural vision and personal style.

# VARIETY ON GLASS

Windows and doors can be a major source of heat loss. Choosing from a wide variety of Paramount Energy Star certified models will help you save on your energy bills compared to conventional products. Low-Emissivity coatings and inert gases between the glass panes mean your window will be more comfortable & efficient.

- **THERMALLY EFFICIENT, HIGH PERFORMING INTEGRATED GLASS UNITS**
- **OUR GLASS VENDORS ARE ALL CERTIFIED WITH THE IGCC & EXCEED ALL ANSI REQUIREMENTS**

## Some of the benefits of incorporating timber windows or door :

- ✓ Aesthetic appeal
- ✓ High strength to weight ratio means good durability & excellent structural integrity
- ✓ Good thermal insulating properties
- ✓ Good soundproofing properties
- ✓ Timber does not corrode
- ✓ Paintable and stainable to compliment any house decor

# PRECISION MACHINERY

Precision wooden machinery encompasses a range of specialized equipment designed for the woodworking industry, ensuring high accuracy and efficiency in processing wood and wood-based materials. These machines cater to various operations such as cutting, shaping, and finishing, and are integral to the production of quality wooden products.

Accuracy and Precision

Shorter lead Time

Reduced Waste

Complex Designs

# BUILT-IN-QUALITY

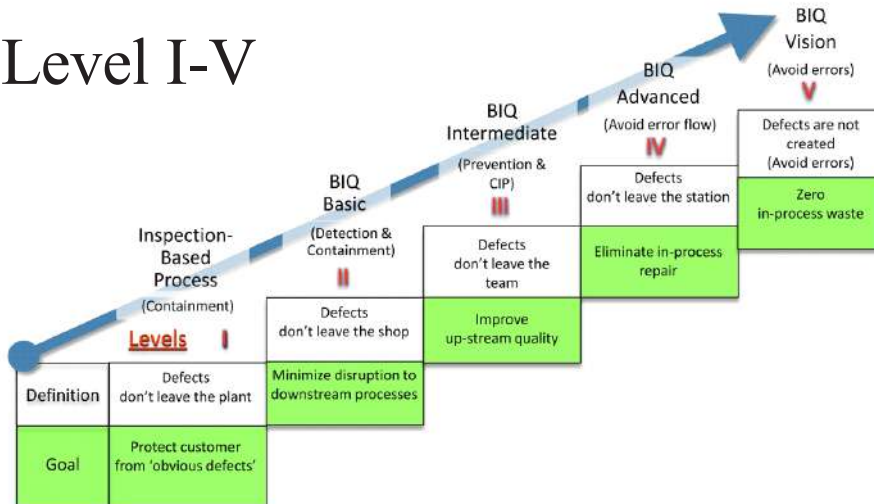

## Level 4 BIQ

Inspection built-in to the station each station where defects don't leave the team

## Goal

Protect customers from **"obvious defects"** & Improve our up-stream quality

## Level I-V

**Do not  
Accept  
Build Ship  
a defect!**

### Certificate of Quality Compliance

At Paramount Windows and Doors, we uphold an unwavering commitment to excellence. Our superior craftsmanship, attention to detail, and dedication to quality set us apart. As a trusted provider, we prioritize delivering products that meet and exceed our customers' expectations.

#### Material Sourcing:

- ✓ We meticulously select materials for our products, with a focus on sourcing from North America and that come from sustainable and renewed resources. This ensures that our raw materials meet stringent quality standards.

#### Local Manufacturing:

- ✓ Our manufacturing facility in San Bernardino, CA, plays a pivotal role in maintaining quality and historical accuracy.
- ✓ By producing locally, we have greater control over the production process, allowing us to monitor quality at every stage.

#### Continuous Improvement:

- ✓ Our engineering and quality teams work collaboratively to enhance processes.
- ✓ We embrace the "Built in Quality" lean manufacturing principle, which emphasizes continuous improvement and eliminates waste.
- ✓ Rigorous inspections and testing ensure that our products consistently meet the highest standards.

**Thank you for choosing Paramount Windows and Doors. We take pride in delivering exceptional products that stand the test of time.**

“  
Beautiful,  
Rich  
and Durable,  
The Look  
and Feel of  
Natural Wood  
”

## CONTINUOUS IMPROVEMENT

- ✓ **R&D for New Products**
  - Research, Build, Test, Repeat.
- ✓ **Implemented Standard Work Program**
  - Per Station SOPs
  - Standard Work Instructions
  - Standard Quality Guideline Document
- ✓ **Implemented New Quality Assurance Program**
- ✓ **Implementing New Preventive Maintenance Program**
- ✓ **Implementing New Service Request Program**
- ✓ **Coming Soon**
  - Lean Manufacturing Training for the floor
  - Shop Floor Re-Layout and Inventory Control

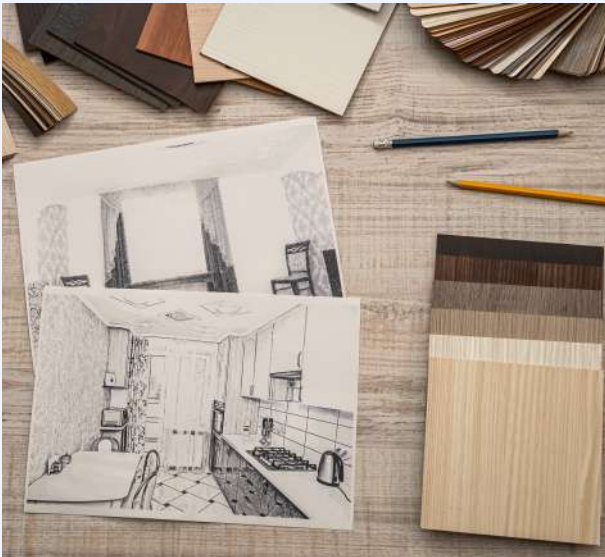

# PARAMOUNT PHILANTHROPY

Philanthropy in the context of wooden doors and windows represents a commitment to sustainable practices and community support. It involves the use of environmentally friendly materials, such as timber from non-natural forests or recycled wood, to manufacture doors and windows that not only enhance the aesthetic appeal of a space but also contribute to the conservation of natural resources

## SETTING PARAMOUNT APART :

- ✔ **Job Site Consultation with Customers**
- ✔ **Ability to duplicate existing windows and doors**
- ✔ **Adaptability and Speed on Selling your job**
- ✔ **One of the Quickest Lead Times in the industry and fast quotes**
- ✔ **Customer Service team available for 1 on 1s**
  - **Family feel with Corporate Efficiency**
  - **Long Term Relationship with consistency in service**
  - **Your questions are our priority**
- ✔ **Engineering Team: 3D and 2D CAD drawings available upon request (3-5 business days)**
- ✔ **Monthly Promotions and exclusive incentives**

# PARAMOUNT PROMISE

- ✓ We strive to provide the best customer service possible. Our expansive knowledge of our products and industry are priceless when it comes to our customer service.
- ✓ Anytime that a product crosses your desk, please don't hesitate to give us a chance to look at the product.
- ✓ How Can We Help You Sell The Next Project?
- ✓ Fast Lead Times, High Quality, Flexible to Meet your needs
