Job description:

Creative Change Counseling, Inc. (CCC)

Creative Change Counseling, Inc. (CCC) is a nonprofit behavioral health organization providing mental health, substance use, and supportive services to children, adolescents, adults, and families. We are seeking a North Carolina-licensed Mental Health Outpatient Therapist to deliver outpatient clinical services to individuals experiencing emotional, behavioral, and mental health challenges.

CCC is guided by its mission to inspire hope and support positive change for individuals and families. We are committed to delivering quality, culturally responsive services that promote healing, growth, and long-term stability.

Position Overview

The Mental Health Outpatient Therapist provides therapeutic services to children, adolescents, and adults in an outpatient setting. The role focuses on helping individuals improve functioning, develop coping skills, and work toward identified treatment goals. Services are delivered in collaboration with families and other care providers when appropriate.

Key Responsibilities

- Provide individual, family, and group therapy services
- Conduct clinical assessments and develop individualized treatment plans
- Maintain timely and accurate clinical documentation
- Collaborate with families, care teams, and community partners
- Provide therapeutic interventions aligned with best practices and ethical standards

- Support clients in building skills that promote emotional wellness and stability

Qualifications

- Active North Carolina professional license in a mental health or social work-related field, including:

LCMHC, LCMHC-A, LCSW, LCSW-A, or LMFT

- Experience providing behavioral health or therapeutic services to children, adolescents, and/or adults
- Strong clinical writing and documentation skills
- Ability to demonstrate patience, compassion, professionalism, and ethical practice
- Commitment to supporting individuals and families with diverse needs
