

# **Lisa Steelsmith, PsyD**

Treasurer

*Term Expires: 12/31/2026*

I am a licensed clinical psychologist with a private practice, Steelsmith Psychology, and I am a lifelong Kentuckian. I look forward to working with the finance committee in support of the administrative staff and oversight of the organization's finances. I hope to communicate the financial health and strategic resource management to the board and membership with a focus on the organization's mission statement. In my private practice I specialize in fertility, perinatal mental health, child and pregnancy loss, menopause, trauma, neurodivergence, and hypnotherapy. Outside of work, I enjoy traveling internationally, learning new (to me) languages, crafting, and playing Dungeons & Dragons and Call of Cthulhu.

## **Diversity statement:**

I am neurodivergent (in wonderful and awkward ways) and I regularly practice Buddhism with a Louisville sangha.
