• Coffee Creek Puppy Program:

A small group of adults in custody (AIC) at Coffee Creek Correctional Facility (CCCCF), located in Wilsonville, raise puppies for Canine Companions. Canine Companions is a national non-profit organization that enhances the lives of people with physical, cognitive, and developmental disabilities by providing highly trained service dogs. The AIC handlers raise the puppies for the first year and a half of the dog's life. The AIC handler is responsible for the care and well-being of the dog 24 hours a day. PVMA member hospitals provide veterinary sponsorship while the dogs are in our area.
