Electrical
Services**

Company Profile.

Paton's Electrical Services is a premier electrical contractor serving the Fraser Coast for over 20 years. From our origins as a single-operator business, we have grown into a high-capacity team of over 20 qualified electricians, apprentices, and dedicated office staff.

As a family-owned business, we are committed to sustainable local growth, providing career opportunities for both school leavers and mature-aged workers. We specialise in delivering long-term, cost-effective electrical solutions across the residential, commercial, and industrial sectors. Our reputation is built on safety, quality workmanship, and a deep investment in the community we serve.

Mission, Values & Vision.

MISSION

- Our mission is to provide efficient, reliable, and contractually transparent electrical solutions to our valued customers.
- We strive to be the electrical contractor of choice by building long-term relationships based on safety, clear communication, and uncompromising AS/NZS 3000 (The Wiring Rules) compliance.

CORE VALUES

- Integrity: Maintaining the highest professional standards with clear project milestones and payment transparency.
- Customer Focus: Building lasting relationships through transparent communication and proactive risk management.
- Safety & Compliance: Committed to WHS, hazardous material management (including Asbestos), and QLD Electrical Safety Act adherence.
- Quality & Innovation: High-quality electrical solutions at the forefront of 2026 trends, including smart grids and EV infrastructure.
- Operational Excellence: Expert project delivery across residential, commercial, and industrial sectors with secure retention of title.

VISION

- To remain at the forefront of the latest technologies, providing continual education so our team can safely manage complex industrial electrifications and smart building systems.
- To be recognized as a Silver Master Electrician firm that leads the Fraser Coast in technical expertise and ethical business practices.
- To deliver superior service that protects both our clients' assets and our employees' well-being through robust Security of Payment and safety protocols.

Our Services.

Projects and Performance.

With 22 years of experience, we have delivered a diverse range of high-impact commercial and industrial projects across the Fraser Coast. We pride ourselves on being dependable, reliable, and delivering projects on time and within budget.

Our robust management systems allow us to run multiple projects concurrently while maintaining strict adherence to the Electrical Safety Act (QLD) and AS/NZS 3000. We implement Inspection Test Plans (ITPs) at key stages to verify that all critical tasks meet specification before moving forward. This structured, proactive approach ensures any potential issues are identified early, guaranteeing smooth progression and a safe, compliant handover for every client.
