- In the Gospel, Jesus tells a parable to teach the disciples that they must prepare themselves as they wait for the Son of Man's second coming. It is instructive to note that Jesus' story involves servants. Generally, servants wait on their master. In this parable, the master is so delighted with those servants who have remained vigilant that he waits upon them. It is a role reversal especially stunning in that day and age. One can imagine God so pleased with the way that we prepare for the coming of the kingdom that we are generously showered with God's mercy and grace. After all, isn't this exactly what we are offered through the sacrifice of God's Son?
- Luke uses the Greek word *donlos* for servant in this passage. In his time, this was the word used for those who served the Christian community. Those who honorably and selflessly serve the Christian community, then and now, are rewarded with an inexhaustible treasure in heaven. Moreover, those who serve the Christ in the least of our brothers and sisters are also God's faithful servants, for as he also taught his disciples, what we do for the least of our brothers and sisters we do for him. Indeed, as we *wait for* the Lord's return at the end of time, we are called on to *wait on* the Lord in the person in need.
- In Jesus' parable, a prudent and faithful steward guides the servants. As we are entrusted with our faith in baptism, we can be called stewards of our faith. Remember, Jesus wraps up his explanation of this parable by telling his disciples that "much will be required of the person entrusted with much" (Luke 12:48). We have been entrusted with a great gift in being entrusted with our faith. We are called to be faithful stewards of the Catholic faith. Like the stewards of a different parable who were entrusted with talents that they could develop and build up instead of burying them in the ground while the master was away, we work to deepen and increase our faith, not bury it or keep it to ourselves, as we await the Lord's coming.

Question of the Week:

What can I do to build and deepen my faith? Whom can I wait on while I wait for the Lord's return?

MASTERPLAN UPDATE

Our biggest concern is the delivery of structural steel & storefront doors and the potential delays to overall schedule & cost. Design Build Hawaii (DBH) is currently seeking updates from Parsons, the steel fabricator, on the delivery date of structural steel after missing the anticipated delivery in January 2025. We have confirmation from Arcadia that fabrication of our storefront doors is underway.

Stormwater retention & drainage system excavation and connection is complete and backfilled adjacent to the existing church. Excavation between drains A1 & A2 is partially completed to North Rd. due to our current electrical service line obstructing the path of the drain line. DBH is renewing the trenching permit & awaiting HECO sign-off to complete the section from front of church to the box drain in North Road. Crews are working on the drain line section between A4 & A5.

- ◆ CMU wall installation has been completed by Affiliated Construction short of top-of-wall. An issue arose where several tube steel columns need to be installed. Without these columns Affiliated Construction is unable to complete top-of-wall. Details for tube steel columns have been released by Mutual Welding to a local shop for fabrication.
- ◆ HECO has approved switchboard submittal from Roy's Electric & DPP has also given approval of electrical panel installation once the CMU walls are completed with a temporary roof.
- ◆ Lifeline prepared final pricing & contract documents for review & approval of monitored security system. Meeting being scheduled to discuss.
- ◆ Sauder Worship finalized & executed pricing for furnishings; celebrant chairs, ambry, credence table, etc. These items will ship together with the pews.
- ◆ Artesanos Don Bosco has completed the carvings on the stations of the cross that have been reviewed by Frs. Ed & Kurt.
- ◆ Data Com meeting scheduled with Comtel & Pacific Direct Connect to discuss & finalize details for wiring through conduit versus microwave on 1/28/25.
