WELCOME TO TYCOLAH FEMALE PRODUCTION SALE 2025

A warm welcome is extended to all interested cattle producers to our female production sale. We have put together a catalogue of females that are a representation of 56 years of stud cattle breeding.

This may be the only chance of acquiring Queenscliff females bearing our prefix. A couple of the bull calves on these cows have stud sire potential and there are some lovely heifer calves at foot.

We have tried to put in a representation of our various families including females that we don't really want to sell. However, we have a reputation to uphold, and we wanted to put forward females that will do the job for their new owners. These cattle are work horses, not "show ponies" and have been run as such.

They are all sold with our backing & we offer after sales service to all purchasers of these cattle. They have done a job for us over the years & we hope they do the same for you.

Hope to see you at our sale,

Regards

Steve & Ben and The Crowley Family
