WELCOME

Well, what a difference a year makes. Our 22nd annual Sale is upon us already with a complete change in seasonal conditions and a toughening in the short-term cattle market. Herefords are proving their value in efficiency, fertility with good weight gains and yield that can be turned over quickly.

We are very proud to present to you this year a selection of bulls that come from proven breeders that have survived the toughest drought we have experienced! The bulls have plenty of thump in them and are ready to go to work.

We are especially pleased with the performance of our two homebred sires Tycolah Queenscliff and Tycolah Prizefighter. Unfortunately, as we have lost Queenscliff it will be the last big drop of his sons. Not only has Queenscliff bred well for us, but he has also bred very well for Te Taumata Stud in New Zealand where he has bred a consistent line of bulls that have topped their sale average. I congratulate the McWilliam family for their courage and commitment in following through on that decision (after seeing his mother out on the stock route in the drought).

We encourage stud breeders to have a look at the carcass content and sire power in Lot 2 Tycolah Universe who we believe will be a great sire. We have

over 20 calves on the ground by him now with another lot to come. We haven't had any calving difficulties, and they look the goods. The Prizefighter bulls have plenty of growth and thump in them.

There are some good Queenscliff sons in the second draft (younger bulls) in our catalogue. They have that carcass, composition and yield we aspire to.

We are very pleased that our nephew Michael Crowley has taken on the role of Manager of Herefords Australia, and we congratulate him on his endeavours of working with both breeders and processors in gathering carcass information from our kill sheets & compiling the results. We think this is where the breed will continue to make real progress in both the promotion of our breed and in the improvement in meeting carcass requirements. One of the things that stands out to us with Herefords is the high compliance that Herefords have in meeting MSA grading.

Our families welcome your inspection of our sale bulls, and we appreciate your support and hope to catch up with you all Sale Day 2023
