PERSONAL SKILLS

I have a strong passion for improvement and ensuring a project is set up correctly. I strongly disagree with "If it's not broke, don't fix it." There is always room for improvement, as long as the juice is worth the squeeze.

I am highly mechanical and look to use technology as often as possible. I'm not a fan of big meaningless words and prefer to speak so all can understand and retain my message.

ABOUT ME:

I live in Mooresville, IN with my 2 children (Dylan & Myah), my wife (Christine) and our two dogs (Cotty & Izzy).

I love to work on cars, home improvement and basically anything I can do with my hands. I installed my own inground pool in 2021 and have been working on restoring a 1987 Mercedes Benz 560SL Convertible. If you need a tool, I probably have it.

Golf is my selfish passion. Whether it be a round with friends or I'm out by myself, it's the best avenue I've found to relax my mind and shut of the daily noise.

I love to smile, laugh and look at the bright side of every situation! Life is too short not to enjoy it along the way!
