

Dry Ice by Eco newsletter

March, 2026 | Volume 05

Dry Ice by Eco is a multi award-winning Dry Ice blasting business, fully qualified and SQA accredited company offering the highest level of Dry Ice cleaning service with over 15 years of experience.

COMING SOON - Our new subscription model

Dry Ice by Eco has been busy working behind the scenes on their new, exciting subscription model.

This innovative product, which aims to revolutionise your cleaning process with enhanced efficiency and effectiveness, gives you the power of dry ice in your own hands.

Be the first to hear about our exciting new venture and learn how it can help you elevate your services!

Growing the Dry Ice by Eco team!

Join us in welcoming Elkie Black to the Dry Ice by Eco team!

With 5 years at Eco Group, Elkie is stepping up as our new Dry Ice Operations Coordinator.

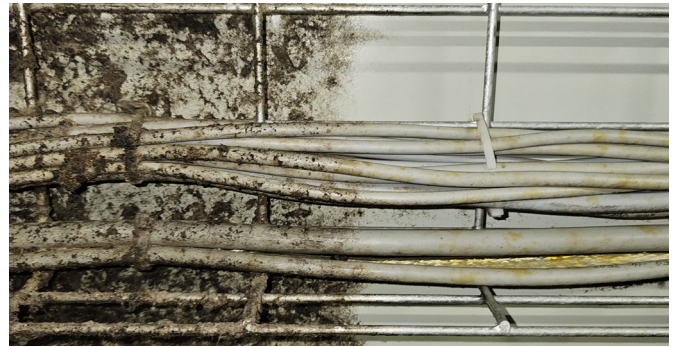

We're thrilled to embark on this exciting chapter together!

We always get asked if we can dry ice blast delicate areas!

Dry Ice by Eco have years of experience and are experts in blasting not only tough industrial panels but also delicate wires, units and electrics.

Our advanced techniques ensure safety while effectively removing contaminants without damaging sensitive components.
