

Dry Ice by Eco newsletter

May, 2026 | Volume 07

Dry Ice by Eco is a multi award-winning Dry Ice blasting business, fully qualified and SQA accredited company offering the highest level of Dry Ice cleaning service with over 15 years of experience.

The Whigham's Inn in Sanquhar!

Our team at Dry Ice By Eco is proud to contribute to the restoration of The Whigham's Inn in Sanquhar! This decaying, historic inn, celebrated by Scottish Bard Robert Burns, is undergoing an exciting revitalisation effort.

The initial phase marks a significant step in a larger multi-million-pound project dedicated to preserving local heritage and culture.

Together, we're ensuring that these cherished landmarks remain for future generations!

Summer Shutdown Prep

With summer fast approaching, many of our clients are gearing up for their summer shutdown and maintenance preparations.

We all know how important it is to keep on top of our machinery to ensure maximum productivity. A scheduled shutdown is the perfect opportunity for cleaning and servicing your equipment!

Don't miss out! Our calendar is filling up quickly with limited spaces available.

Historic Restoration in Action: Dry-Ice Cleaning a Rolls-Royce Merlin!

Last year we had the honour of showcasing our dry-ice blasting expertise on a legendary Rolls-Royce Merlin engine from a WWII Mosquito reconnaissance aircraft.

This iconic piece - certified for a new RAF memorial in Whitehall - was recovered from a Welsh mountainside and cleaned using cutting-edge, non-destructive, eco-friendly dry-ice cleaning.
