

## Dear donors,

We are delighted to announce several important news about our recent actions and projects. Here are the latest updates:

We have launched our brand new website! More user-friendly and informative, it will allow you to closely follow our projects and initiatives. Do not hesitate to visit it and give us your feedback.

<https://www.swiss-group-team.org>

Feel free to share the link to our website and our posts on Instagram to help raise awareness for our cause to as many people as possible!

New website

Partnership

### New Partnership with the Cholidéro Chin Frontière Association from Charmey (Freiburg)

We are proud to announce our partnership with the Cholidéro Chin Frontière association (Charmey, FR). Together, we will bring fire trucks and fire defense equipment, as well as first aid supplies and medicines to Ukraine. This partnership marks an important milestone in our humanitarian commitment.

With the return of many orphans to Syria, we are increasing our efforts to help them. We have recently taken in new orphans and are looking for sponsors to support them. Your help is essential to give them a better future.

Interventions  
in Syria

Dialysis  
Center

### Support to the Dialysis Center in Tel Abiad, Syria

We are pleased to continue our support for the Dialysis Centre in Tel Abiad, the only centre open within a radius of 70 km in this region. With your contributions, we can ensure regular access to life-saving care for patients in need of treatment

### Development of our Mobile Medical Unit

We are happy to announce that our Swiss Group nurse, who is following our orphans, will be moving to Syria to be closer to our families. This will allow us to develop our mobile medical unit, which allows us to carry out medical and social monitoring of our orphans, as well as their families, in a flexible way given the regional instability, by allowing them medical and psychological access. Our unit also benefits the local community through prevention campaigns (vaccinations, hygiene promotion, etc.). We need your support to expand our reach and offer even more services.

Mobile Medical Unit

### Food Distribution

We organized food distributions in Syria during the month of Ramadan to meet the needs of vulnerable families and share moments of solidarity. These actions are crucial to help those who need it most.

Thank you for your continued support. Together, we can make a meaningful difference in the lives of many.

If you have any questions or would like to become a sponsor of an orphan, please do not hesitate to contact us:
