PERSONALIZATION

71007338
ATHENS PEWTER BLUE LARGE
See pg. 75

Matthews offers many choices for personalizing your chosen urn. Personalization allows you to create a customized remembrance that best represents your loved one's interests, hobbies, associations, and personality. Throughout this catalog, icons are used to identify urns that accept various types of personalization.

Personalization choices include:

Engraving

Engraving completes any urn for your loved one, making it more personal and unique. Our talented craftsmen can engrave a number of designs or text in a variety of font styles.

Appliqués

Appliqués are available in a variety of special symbols and images. Military and other organization emblems are available in a stately aged bronze color.

Charms

Charms are a great way to personalize almost any urn. Charms can be personalized with a small amount of text, and can be draped around the neck of an urn.

Engraving

Personalizing an urn with engraving can be done in a variety of ways including name, dates, message, or image. This is a perfect way to honor your loved one's beliefs, virtues, or affiliations while making a truly personal statement.

R A D I A N C E

BY MATTHEWS®

We uncompromisingly honor your loved one. We take your loved one's personal carbon and grow a beautiful Radiant Diamond™. Together we will embark on a 6-9 month journey turning your loved one's personal carbon into a tangible symbol of love and connection. Carbon can be sourced from your loved one's hair, clothing, stationery, flowers, or cremated remains.

Diamond Journey Process

6 - 9 MONTH JOURNEY

STEP 1: CULTIVATE

Just as enriched soil nurtures seedlings, we carefully extract and purify carbon from your loved one's cherished items, creating a garden of carbon to grow your diamond.

STEP 2: SEED

Much like planting an ideal seed for a blossoming flower, we carefully embed personal carbon onto a diamond seed.

STEP 3: GROWTH

Like a flower thriving in cultivated soil and sunlight, the seed from your loved one's carbon grows into a Radiant Diamond™.

STEP 4: SHAPE

The shaping phase, like pruning a flower, carefully guides its form to reveal beauty and promote brilliance.

STEP 5: SETTING

Just as a florist arranges flowers to magnify their beauty, we set your diamond into an elegant tribute of enduring love.

STEP 6: YOUR OWN UNIQUE RADIANCE DIAMOND

Now fully formed, like a flower in full bloom, you can take your loved one with you to make new memories.

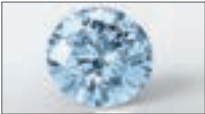

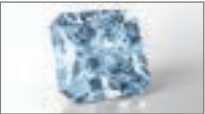

Explore the Possibilities

Through the Radiant Diamond™ process, you will have a real, unique diamond sourced from your loved one that will sparkle at every angle, a gentle reminder of the beautiful life that continues to live on forever. If you wish to have your Radiant Diamond™ set, our expert jewelry designers will work with you to design the perfect jewelry setting for you to take on all of life's adventures.

CLASSIC BRONZE

Matthews classic bronze urns are eternal remembrances. Whether you choose to memorialize your loved one in a niche or at home, you can choose the classic bronze urn that best suits his or her personality and interests.

Classic bronze urns represent longevity and everlasting strength, and we offer a wide variety of sizes and shapes suited to fit any size niche. Classic bronze urns are also ideal for in-ground interment in a cemetery, as they offer lasting security against the elements. They work well with any home décor style from traditional to contemporary, and can be personalized in a number of ways that allow you to create the perfect remembrance.

The Cirrus Vase Urn is a great way to honor the memory of a loved one from the comfort of home. This decorative memorial vase is a full-size cremation urn with the appearance and functionality of a flower vase. Hand-cast from aluminum, the Cirrus Vase Urn is painted and lacquered adding a glossy, elegant finish. Display a beautiful bouquet, faux arrangement, or more simply on its own to fit your style and preference.

Natural stone urns offer the elegance of natural beauty combined with the visual interests of color and texture variety. No two pieces are alike, and natural variations of color and design will occur. These are not flaws, but are indicative of the way that naturally-occurring stone develops in nature. Our alabaster, jade, and marble urns are a stunning representation of your loved one, and offer a peaceful addition to your home décor or niche.

CULTURED MARBLE PERSONALIZATION

For personalization options, see price list.

Due to the unique shape of the individual urn, photos can only be placed on the top.

ECO-FRIENDLY

For families who prefer an environmentally-friendly urn, Matthews is proud to offer choices for water and earth burial as well as scattering. Each urn is made from the finest biodegradable, compostable, or recycled materials. If preferred, these urns may be kept for display, as they will not breakdown until buried, placed in water, or exposed to the elements.

BIOTREE®: HOW IT WORKS

Add cremated remains to the base of the Biotree® Urn.

Plant seeds redeemed from the provided seed certificate, or purchase tree sapling.

Just add water. No need to add soil, and the Biotree® will treat the cremated remains.

Watch a loved one become a tree. Biotree® Urn may be kept inside until it begins to crack, then it is time to plant the urn.

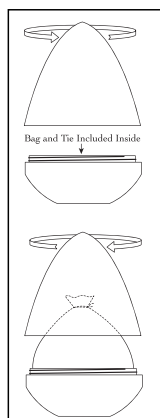

The Biotree® Urn and cremated remains are returned to nature as the tree grows.

Using the included tag, the location of the tree can be geotagged and families can create an online memorial to share with friends and family.

CELESTE™ - COBALT

Personalize on the flat, band-like surface.

10" H x 8" Dia.

COMPOSTABLE PLANT STARCH

Volume: 216ci

Access: Middle

Available in Ivory - 71216060

Twist the top half of the urn counterclockwise to open. Included inside each urn is a biodegradable bag. Place the empty bag into the urn and carefully fill the bag with cremated remains. Securely close the bag with the tie provided, then reattach the top of the urn.

This urn can be placed in a home or niche. If buried directly in earth, it will biodegrade over time, and the length of time for degradation will depend on local environmental soil conditions.
