## MEET THE RECIPIENTS

I am Ruk Kumari, wife of Dil Bdr. My husband works as a daily wage laborer. There are 13 people in my family, and I have been living in this village for the past 30 years. I moved here from a neighboring district after my house and land were swept away by a flood during the night. I barely escaped with my life. After that, I had to manage everything on my own.

Since then, I was forced to use other people's wells for water. Because of this, I faced many problems. Once, there was a dispute with a well owner, and I was even taken into police custody. I felt deep sorrow that I did not have a well of my own.

Through the help of a local pastor, I have now received this well. Today, I have water and peace. There are no more disputes with anyone. I have enough water for my household needs and for my animals as well. I feel free from all the obstacles and hardships that once surrounded water collection.

I am also able to share this water with others who are in need or facing similar problems. There is a church near my home, and I have often heard about Jesus. Thank you so much for the well.

WELL WAS DRILLED AND DEDICATED!**

## MEET THE PASTOR

I am a local pastor, and I have known this family for about a month. When I heard their story—how they were arrested and taken into custody simply because of water—it deeply touched my heart. It showed me that many people in this area are still struggling just to collect water for their household needs.

After we provided this well to them, they were set free from these problems. They now have water for everything and can use it freely, without objection or conflict. They listened carefully to the words shared during the well dedication.

Please pray for this family and for the entire community, that they may learn to love one another. Thank you so much for providing this well.

THANK YOU FOR YOUR PARTNERSHIP!
