**MEET THE RECIPIENTS**

I am Sadima, wife of Mahotam. There are 12 people in my family, and my husband works as a daily wage laborer. I have been living in this village for the past 26 years. During this time, I had to rely on many different water sources. Eventually, I began using a neighbor's well, which was about a 20-minute walk from my home.

The well owner often became angry with us because we needed to draw a large amount of water, as I have a big family. Because we are Muslim, we also faced hatred and unfair treatment.

I was told that Quenched provides clean water wells to families like ours. After the well was drilled in our own yard, we now have clean water without any objections from anyone. This has been a great blessing for our family.

As a Muslim, I knew Jesus as a prophet, but through the Bible I learned that He is the Son of God. Thank you so much for the well.

WELL WAS DRILLED AND DEDICATED!**

# WELL REPORT

## MEET THE PASTOR

I am a local pastor, and I have known this family for about a month. At this well site, four of the well-drilling laborers accepted Jesus. They are from a neighboring district, so I shared their contact details with the pastor in that area so they can join in fellowship.

This family is now using clean water and no longer has to face the rejection they experienced before. I am very thankful that this Muslim family has also come to understand that Jesus is not only a prophet, but God Himself. They have received a Bible as well.

It is my prayer that they will read the Bible and grow in their understanding of the true God. Please also pray for me as I visit them again, that the Lord would give me wisdom to clearly share His truth with them.

Thank you so much for the well and for partnering with me in ministry.

**THANK YOU FOR YOUR PARTNERSHIP!**
