About Us

Express Plumbing Supplies is part of a leading independent plumbing group specialising in supply to the plumbing industry. Established for over 14 years, Express has built a strong reputation as a trusted service leader within our local markets.

Jointly owned by two larger family-owned businesses with more than 160 years of combined heritage across the plumbing and hardware industries, Express Plumbing Supplies is proud of its foundations — and excited about its future.

With continued growth and expansion planned across our branch network, we are entering an exciting period. As we expand our footprint within the plumbing industry, we are always looking to connect with capable, motivated individuals who want to grow with us.

We believe great businesses are built by great people, and we're keen to meet them.

At Express, we believe attitude and teamwork matter just as much as experience. Our expansion presents genuine opportunities for development within the company and across the broader independent plumbing group.

Whether you come from a plumbing background, warehouse environment, or customer service role, if you enjoy working in a busy environment and take pride in delivering exceptional service, we'd love to hear from you.

If you think you would be a good fit for Express Plumbing Supplies — now or in the future — we encourage you to submit an Expression of Interest.
