R. Wielebinski made a motion, seconded by J. Lastowski, to contact St. Paul's Lutheran Church to correct the retention basin on Fish Hill Rd. Roll Call Vote: Jerrod Belvin, yes; Ellen Gndt, yes; Jerry Lastowski, yes; Keith Meeker, yes; Rich Wielebinski, yes. Motion carried.

- Homes below St. Paul's Lutheran Church off Fish Hill also experiencing flooding that's damaging sand mound and patio. Issues were identified with the nearby swale and stones potentially redirecting water onto property. However, L. Devito cautioned against doing any work in a private swale, as it would make the Township liable. J. Tresslar will investigate property records to identify how the swale is designated.

Township Solicitor Report

- The Township received a special exception request from Camp Lindenmere to be considered by the Zoning Hearing Board. Lindenmere exists as a nonconforming use and any expansion requires a special exception hearing before the Zoning Hearing Board. The camp can expand up to 50% of the existing nonconforming use once they demonstrate no major impacts. L. Devito stated he does not need to attend the hearing unless the Commissioners have specific concerns. J. Lastowski stated he would like to first understand whether there is any impact on surrounding neighborhoods before discussing whether L. Devito should attend the hearing.
- Stated the Johnson Appeal zoning hearing is still in the process of being rescheduled. Due to high level of public interest and many documents involved, this hearing cannot be held virtually.

NO PUBLIC COMMENT

Hi Judy,

Thanks for your email. Below I've explained what we intend to do with the property:

The damaged area of the property spans approximately 12' x 12'. We plan to removed the damaged portion of the property. Any material that can be salvaged will be saved and as for the material that is non salvageable we will be discarding it in a garbage container at another location.

Please let me know if you have any questions.

Thanks,
Sam

Subject: Neighborhood problem

Good Morning Gerry,

Hope you and your family are well. I want to bring a situation that is occurring in my neighborhood to the attention of the township. The house across the street from my house is being used as a short term rental. I have witnessed different vehicles accessing the property at 255 Faber Circle during the last several weekends and on one of those occasions at limo bus dropped of a few people who carried luggage into the house. Now normally I would not care as to what people do with their own properties, but the last two days an animal has gotten into their garbage cans left at the end of the driveway and strewed it around. No one is currently at the property, so my wife and neighbor went over yesterday to pick up the garbage but the animal struck again last evening. There are many little children living near and having dangerous animal activity around is not an ideal situation. I was under the impression that since we are under stay at home orders from the governor, all short term rentals were suspended. Is there anything the township can do to correct the situation for the safety of all in the neighborhood?

Sincerely

Hello Bill,

Your concerns were forwarded to me from Commissioner Gerald Lastowski. We are aware of the issue with this property and have already started an enforcement action against the property owner for the non-permitted use as a short term rental. I will visit the property tomorrow to assess the issue with garbage. You may, if you'd like, email photos of the property for the file. I can then take further action on the issue of litter.

The Governor's order banning short term rentals is still in effect. It does not, however, fall under the township's jurisdiction for enforcement. If you see that the property is used again, please feel free to contact the State Police or submit your concerns to PA Department of Health here: <https://expressforms.pa.gov/apps/pa/doh/COVID-19-Complaint>

Please feel free to contact me directly for updates on this matter.
