START YOUR OWN GROUP

Have you considered hosting a group where people can grow in friendship and faith?

As a Study Group host, you will help create an environment for people to grow in relationship with God, be in community with each other and grow an active and living faith. This is a worthwhile pursuit. You won't have to go it alone and you do not need to have all the answers or be a Bible expert to host a group. You can count on us to help you every step of the way. We will offer guidance, curriculum, encouragement, support and prayer.

We look forward to helping you start a group that will be encouraging and transforming for group participants, and deeply fulfilling to you. We hope you will find that it is easier to host a group than you may have thought and more rewarding than you could have imagined.

Please contact Cindy Bledsoe if you are interested in finding out more about starting your own group.
